(4) Correspondence ending with letter No. K. R. 1.309-1 dated 9th August 1978 from Sri B. S. Kulkarni, Director, Kannada Research Institute, Karnatak University, Dharwar.

PREAMBLE :—

In the G. O. dated 20th May 1961 the following conditions were offered to the Members of the staff of the Kannada Research Institute, Dharwar, who were permanent Government servants as on that date of transfer of Institute to the Karnatak University :—

(*a*) *Scale of Pay* :—They will be entitled to University Scales of pay or the Government scales of pay, whichever are more favourable to them.

(*b*) *Leave* :—The employees will be allowed to enjoy, at their option, the leave benefits under the Mysore Civil Services Rules, 1958 or those admissible under the University Rules. The option once exercised shall be final.

(*c*) *Travelling Allowance* :—They will be entitled to the University Scales of travelling allowance.

(*d*) *Medical Attendance benefits* :—The employees will be allowed, at their option, the benefits available under the State Rules or those admissible under the University Rules. Option once exercised shall be final.

(*e*) *Pension and Gratuity* :—Government will continue to be responsible for the payment of pension and/or gratuity benefits to the employees as if their service under the University was Government service. The emoluments for calculating pension will however, be those of Government scales for an equivalent post and not the emoluments of the scales actually drawn in the University.

(f) The staff option for absorption in the University service will not be entitled to continue their subscription to the General Provident Fund. The balances at their credit in the Provident Fund shall become payable to them under rule 18 of the G. P. F. Rules.

Sri B.S. Kulkarni was one of the staff working at the Kannada Research Institute, Dharwar at the time of the above Institute was transferred to the Karnatak University, Dharwar. The Registrar, Karnatak University in his letter No. K-10(g)-Adm dt. 27th July 1967 had indicated that Dr. B. S. Kulkarni was a permanent Reader in the scale of Rs. 200-10-300 in the Kannada Research Institute, when the Institute was transferred to the Karnatak University.

The name of Sri B. S. Kulkarni was not included in the ISS List of any department of Government for the reasons that his services were transferred with the Institute to the Karnatak University. He filed writ petition No. 339/66 in the High Court for inclusion of his name in the ISS List of Class-I officers (Readers) of the department of Collegiate Education. The High Court in their Order dated 14th October 1968 observed that a permanent Government servant cannot be transferred to serve a non-Government Institution like the Univesity without his consent and that therefore held that the transfer to serve the University without the option was not valid. Therefore the High Court directed that this State Government should take steps to place the petitioner at the place appropriate to him in the ISS List relating to the department appropriate to his service. Therefore it was proposed to include his name in the ISS List of Readers in the Department of Collegiate Education After calling for objections and considering them, the name of Sri B. S. Kulkarni has been included at Sl. No. 138-A in the final ISS List of gazetted officers (Category-III) i. e. Readers of the Department of Collegiate Education *vide* Notification published under No. GAD 3 IGS 73 dated 26th November 1974.

Sri B. S. Kulkarni, Director, Kannada Research Institute, Karnatak University, in his declaration dated 14th October 1977 has opted unconditionally to the services of the Karnataka University w.e.f. 1st November 1956. In G.O. dated 31st August 1961 it was ordered that in terms of G.O dated 20th May 1961 option has to be exercised by 20th September 1961. The time was further extended upto 31st March 1962 in Govt letter dated 17th March 1962 quoted above. In view of the fact that the time limit for exercising the option has already expired, the declaration now exercised by Dr. B. S. Kulkarni on 14th March 1977 was examined in detail and the following orders are passed :—

ORDER No. ED 175,DCE 75 BANGALORE, DATED 6TH DECEMBER 1978.

In relaxation of time limit fixed in Government Orders quoted above, Sri B S. Kulkarni, Director, Kannada Research Institute, Karnataka University, Dharwar is permitted to opt for the services of the Karnatak University with effect from 1st November 1956 in terms of the conditions prescribed in G. O. dated 20th May 1961 quoted above and the declaration exercised by him on 14th October 1977 is accepted by Government.

This Order issued with the concurrence of the F.D. *vide* their U.O. Note No.FD 2618/Ex-VIII/78 dated 31st August 1978.

PLANNING SECRETARIAT

Subject.— Employment Affirmation Scheme-A Scheme of Employment for illiterate and unskilled persons seeking manual work in the rural areas during the slack agricultural season.—

PREAMBLE:

Massive investments have been made for development in the Annual Plans in the past few years and they have created substantial employment opportunities. They have also carried the benefits both in terms of employment and in terms of other concessions and inputs to the poorer sections of society. Yet, in the rural areas the magnitude of poverty has been such that a major attack on it is necessary. Poverty is a result of unemployment and under-employment and gets accentuated when the poor do not own any means of prodnction. The antidote to poverty is providing employment to all those who seek work. Employment generated should be such as to generate a surplus so that over a period, the rural community is able to sustain itself. However, it may be very difficult to realise this depending only on the Plan works. In such a situation, to achieve the objective of providing employment at the right time and at the right place, it may also become necessary to think of supplementary programmes that add'to the growth process in the rural areas. In the context of the thrust on rural development, the attack will have to be both on poverty through providing employment and on the rural living conditions through improving the rural environment itself. On these considerations a scheme of providing employment to the poor on works in rural areas contributing to rural development commands a high priority.

The Constitution of India provides under Article 41 under the Directive Principles of State Policy that "the State shall, within the limits of its economic capacity and development, make effective provision for securing the right to work...". But, no serious efforts have been made so far to redeem the Constitutional provision.

Employment which is the cause of poverty obtains in both the rural and urban areas although their nature and intensity may vary. Realising the need to provide incomes to the poor by offering gainful work opportunities, Government have introduced a Stipendiary Employment Scheme for unemployed graduates, post-graduates and diploma-holders belonging to families which have no adequate income (i.e, less than Rs. 3600 per annum) and no earning member in the family. Through the Government Order No. PD 112 PMM 77, dated 26th December 1977, the poor unemployed graduates, post-graduates and diploma-holders both in rural and urban areas, were offered work opportunities on a stipend of Rs. 150 p.m. on schemes covering education, rural electrical services and other repairs, management of co-operatives, extension services for slum dwellers, management of public distribution, etc. This scheme is confined to the educated unemployed among the poor. In the speech of the Finance Minister presenting the budget for 1978-79, a reference was made to the intention of the Government to develop an employment guarantee scheme for the illiterate and unskilled sections of the population.

The poor in rural areas are exposed to the rigours of poverty very much especially in the slack agricultural season when no gainful employment opportunities will be available to them on the farms. There are about 30 lakh agricultural labourers most of whom are landless. In addition there are 11 lakh marginal farmer households (based on marginal land-holdings data) who may be considered as underemployed and may be looking for augmenting their incomes. There are about 5½ lakh artisans who are self-employed, perhaps, for a period of 4 to 6 months or less in a year and this obviously limits their earning capacity. The Scheduled Castes/ Scheduled Tribes population is about 39 lakhs forming about 14 per cent of the population and they are mostly spread over the categories of agricultural labourers and artisans. Most of them have no property and have to depend entirely on wage-employment on the lands owned by others.

There are a number of development schemes under the plan which provide employment in the rural areas. In particular, apart from the Plan programmes of irrgation and sericulture, which provide substantial work opportunities, there are special programmes like SFDA, DPAP, CAD, Integrated Rural Development, etc., which not only provide employment but also aim at ensuring sustained employment for the beneficiaries. Where all these pragrammes are inadequte to absorb the poor who seek unskilled work, it is necessary to think of additional schemes on which such surplus rural poor may be absorbed.

Agricultural labourers and artisans are employed hardly for about eight months or less in a year. They are even hard pressed for their subsistence during the slack season. The long-drawn seasonal unemployment results in misery, starvation, mal-nutrition, and degradation of the human being.

The poor who have no means of livelihood, especially in the slack agricultural season, should be enabled to get the wherewithal for a respectable existence. By providing employment to them, the idle manpower can be put to work for accelerating development and through it provide the minimum needs of life. Efforts are, therefore, necessary to provide assured employment to the poor at least in the slack agricultural season to start with and thereby **restore human dignity** to the rural poor. As it is a gigantic task to provide assured employment to all the landless labourers and other poorer sections, a beginning could be made during the current year to provide an employment guarantee for at least 100 days during the slack agricultural season in selected taluks and extend the scheme to cover the entire State in the remaining 4 years of the Five Year Plan for 1978-83.

ORDER NO. PD 207 PMM 78, BANGALORE, DATED, THE 24TH NOVEMBER 1978.

After a careful consideration of all aspects of the seasonal unemployment problems facing the poor in the rural areas, Government of Karnataka are pleased to accord sanction for an Employment Affirmation Scheme as detailed in the Annexure.

2. Sanction is also accorded to the following:

(a) To incur an expenditure of Rs. 8 crores (Rupees eight crores only) on the capital expenditure component and on payment of wages in cash and to provide Rs. 8 crores worth of foodgrains (wheat/rice) under the 'Food for work Programme' to pay 2/3 of wages in kind for providing employment under the scheme for 100 days in a year during the slack agricultural season in 45 selected blocks listed in the annexure.

(b) To release Rs. 2.25 crores towards capital expenditure and on wage payment in cash and also to release Rs. 2.25 crores worth of foodgrains (wheat/rice) for payment of wages in kind in the implementation of the scheme during the month of March of the current financial year (1978-79);

(c) To constitute a State Level Committee, District Level Committees and Taluk Level Committees as shown in the annexure;

(d) To authorise the Divisional Commissioners to take action for implementation of the Employment Affirmation Scheme from 1st March 1979 and for making all necessary preliminary arrangements including the meetings of the District and Taluk Level Committees;

(e) To authorise the District Level Committees to make any modifications which may become necessary in the type of schemes in the Contingency Plan as mentioned in the annexure and to substitute new schemes considered productive and useful for achieving the objective of Employment Affirmation Scheme.

3. Orders relating to the modalities of the release of funds, head of account to which the expenditure is debitable, the authority to operate the funds at the district level, allocation of funds for the different schemes etc., will issue separately.

4. This order issues with the concurrence of the Finance Department vide U. O. No. FC/7395/78, dated 23rd November 1978.

By Order and in the name of the Governor of Karnataka,

D. M. NANJUNDAPPA,

The coverage will be extended to all the talukas in the State in convenient stages in the next 4 years of the 1978-83 plan.

PLANNING

3. The effective implementation of the scheme requires proper planning. Those who seek manual work will have to be first provided employment on the State Plan Schemes including Centrally Sponsored and Central Sector Schemes and the special programmes like the S.F. D.P.A.P. Intensive Rural Development, Command Area Development Programme, etc. When these schemes cannot absorb all the persons who are seeking employment, then they have to be given employment under additional productive schemes whieh are feasible in the area. For this

purpose, the Deputy Commissioner of the district shall obtain from (1) the Heads of Various Departments of the District, (2) The State Heads of Regional Heads of Department and (3) the Government, plans for various works which are proposed to be undertaken in the district. Now that District Plans have been prepared, it should be easier for the Deputy Commissioner to get a complete list of all the plan schemes together with their locations. These Plans should incorporate details as to whether the works are continuing or new, the budget provision made, whether estimates have been prepared, the direct employment in manual labour likely to be generated by these works, availability of tools, equipment, plant and machinery and technical know-how and the mode of execution of the work. Taluka-wise list of these works should be prepared.

4. On the basis of these details, blueprints of productive works should be prepared under the following categories.—

(1) Projects under the normal plan and non-plan budgets including the special programmes like, SFDA, DPAP, CADA etc.

(2) Schemes under intensive Rural Development Programme; and

(3) A contingency list of works which can be taken up for implementation if it becomes neccessary under the EAS in order to provide employment to the surplus labout seeking manual work.

5. The blueprints may cover a period of 2 years and be updated every year. The approval of the District Level Committee is to be obtained for these blueprints.

INVENTORY OF EQUIPMENT :

6. A complete inventory of equipments like Road Rollers, Dumpers, Buldozers, etc. available in the district with the several departments should be prepared talukawise so that it may be possible to divert such machinery to areas where they are needed most.

REGISTER OF EMPLOYMENT SEEKERS

7. (1) A register of employment seekers is to be prepared and updated by the village panchayats for every village.

(2) The Village Panchayat should notify the offer of employment affirmation one month in advance of the season during which employment is offered.

(3) The actual registration for work under the scheme may commence 15 days before the slack season begins.

MANPOWER BUDGET

8. A Manpower budget should be prepared by the Assistant Commissioner in consultation with the Block Development Officers and Tahsildars on the basis of the projects which are to be implemented in the district under the various schemes.

THE NATURE OF WORKS

9. Only technically and economically feasible labour intensive works of productive nature should be included in the contingency list of works included in the blueprint. The labour-intensive works are those which have a ratio of wage cost of unskilled labour to capital cost (Equipment, materials, Supervision charges, cost of Skilled labour etc.) as 75.25 or higher. Care should be taken to see that specific works provided in annual budget are not shifted to the Employment Affirmation Scheme unless funds provided in the budget under plan and non-plan heads are exhausted. In selecting the works, top-priority is to be given to those which directly enhance production like the following:

1. Minor irrigation;
2. Desilting of tanks & Promotion of fisheries;
3. Soil conservation;
4. Canals of major and medium irrigation projects:
5. Land development;
6. Afforestation; and
7. Agricultural estates;

10. If these works are not possible, the works which contribute to economic development indirectly like those listed below can be taken up.

1. Rural roads;
2. Housing for the poor;
3. School buildings;
4. Village sanitation; and
5. Improvements to Harijan colonies;

11. Before providing employment on the above works, it should be examined whether the registrant can be assisted under the Intensive Rural Development Scheme. Those who are enabled to have self-sustaining employment under the Intensive Rural Development Scheme or any other similar scheme, should be given lower priority under the EAS, if they still seek manual work.

WAGES :

12. The wage rate under EAS for unskilled labour shall be Rs. 4 per day of 8 hours work. In cases where it is not possible to execute the works on daily wage rate bases, it should be ensured that on an average a worker will be able to get Rs. 4 a day. Wages are to be paid weekly and 2/3rd of the wage will be paid in kind (wheat or rice supplied under 'Food for work' Programme)

Adequate arrangements will have to be made for storing the required quantity of foodgrains at appropriate places and for transportation and distribution to the workers at the work spot.

13. The implements for the works shall be provided by Government and on no account should any deduction be made in respect of hire charges of implements from the wages payable to the workers.

CONDITIONS FOR STARTING EMPLOYMENT AFFIRMATION SCHEME :

14. Work under the scheme can be commenced only if there are 50 or more persons available for work. If less than 50 persons come forward, they will have to be absorbed in the continuing works or in other works carried out under EAS in the neighbouring locations. It should be ensured that the scheme does not adversely affect the operations and development of agriculture and other rural activites. Particularly the identification of the slack season should be done carefully. It should be the responsibility of the Deputy Commissioner to ensure that the labourers in need of work secure full-time work.

15. Care also should be taken to see that the various schemes under the Annual Plan, particularly the special programmes like SFDA, DPAD, CAD and the programmes undertaken under the Intensive Rural Development Schemes are exhausted before the works under Employment Affirmation Schemes are taken up.

All the works under the EAS should necessarily be executed departmentally and not through contractors. However, certain exceptions may be allowed, where it is absolutely necessary that the work should be executed on the basis of a piece-rate or gang-system. But the wage-rate payable to unskilled labour should conform to the standards prescribed under EAS. Where skilled labour is required to be employed the district or department schedule of wages can be adopted for payment of wages for such skilled work. The contractors executing various plan and non-plan schemes for Government Departments, T.D.Bs. are to be requested by the concerned departments to take maximum number of local labourers.

ADVANCE RELEASE OF FUNDS

16. For implementing works included in the contingency list to be activated under EAS, the financing arrangement should be flexible at the district level The Deputy Commissioner who shall be in over-all charge of the EAS must have funds at his disposal and the District Committees shall have the discretion regarding the choice of the schemes. To achieve this, Government will provide Rs. 5 lakhs for each taluka/block selected for implementation of EAS. More funds will be released as and when they become necessary.

ORGANISATION

17. The Deputy Commissioner of the district shall be in overall charge of the EAS. The works to be taken up under the scheme shall be selected only from the blue-prints approved by the District Level Committee constituted for the purpose.

18. The affirmation of employment is given at the district level. But operationally, it will be effective at the taluka level. If work is not available within the taluka, the affirmation will be deemed to have been fulfilled if work is provided in any taluka within the district.

19. The necessary funds required for implementing the scheme in the selected taluks will be placed at the disposal of the Deputy Commissioner, who is responsible for allocating works in the district among various implementing agencies with the approval of the District Committee and in consultation with the implementing agency after taking into account their capacities and commitments. The decisions of the District Committees and Deputy Commissioners shall be carried out by the concerned departments at the district level. Any difficulty faced by the implementing agency should be brought to the notice of the Deputy Commissioner and the

Divisional head of the department concerned and the implementation of work shall not under any circumstances be delayed, stopped or slowed down. Non-compliance or reluctance to carry out the decisions of the District/taluk Committee/Deputy Commissioner on the part of the departmental head of the district in this regard will be considered as a dereliction of duty. The implementing agencies shall be responsible to the Deputy Commissioner for proper maintenance of accounts of the expenditure incurred, datails of work done, payment of wages to labour and submission of periodical statements of accounts and progress of the scheme.

INSPECTION AND SUPERVISION

20. An Audit Squad consisting of one or two persons should be established under the direct control of the Deputy Commissioner of each district. The squad will be responsible for checking the implementation of the works with reference to the number of workers on the muster-roll, output of work, timely payment of wages and foodgrains, technical supervision regarding quality of work, arrangements made in deployment of labour and all other matters regarding implementation of the EAS in accordance with the objectives of this scheme. The squad should continuously report to the Deputy Commissioner who will take immediate action on the audit squad report under intimation to Government. Government guarantee and interest subsidy for the repayment of loans given by Commercial Banks to the Karnataka Electricity Board under the ARDC Scheme for the Minor Irrigation Programme-Issues order—

READ —

Letter No. DM/AGRI/ARDC/95/247 dated 12th May 1978 from the Development Manager (Agri.) State Bank of Mysore.

PREAMBLE :

During the Annual Plan 1978-79, Government have set a target of 25,000 irrigation wells for energisation. However, experience of earlier years suggests that it is very unlikely that such a target will be realised. An important constraint to the expansion of energisation facilities has been the inadequate flow of finance, particularly from the Commercial Banks, for the minor irrigation programme.

The Agricultural Refinance and Development Corporation has sanctioned refinance facilities for the minor irrigation programme which operates at present within the co-operative sector in Karnataka, but not within the commercial banking sector. In order that pumpsets financed by the State Land Development Bank are energised under the ARDC Refinance Scheme, the State Land Development Bank extends loans to the Karnataka Electricity Board of Rs. 4,500 for each 5 H. P. pumpset energised. The Karnataka Electricity Board insists on such a loan in order to draw 11 K. V. low tension lines to transmit the power to the fields where the pumps have to be energised. The State Land Development Bank charges 10½% interest. As the Karnataka Electricity Board is unable to pay such a high rate of interest, Government are subsidising the K.E.B. to an extent of 4%.

The ARDC and the commercial banks have now sought an extension of the scheme along the same lines as operating with the State Land Development Bank If such an extension is made to the commercial banking sector, the programme of dynamically stepping up minor irrigation facilities in the State would be considerably enhanced. Further, one of the conditions of the ARDC for extending refinance facilities for such a minor irrigation programme is a Government guarantee for the loans advanced to the Karnataka Electricity Board for priority energisation. Further, if there is to be parity between the rate of interest paid by K.E.B. on loans advanced by the SLDB and the rate of interest paid by the K.E.B. on loans advanced by the commercial banks, is becomes necessary for Government to subsidise the K.E.B. to an extent of 4% on the rate of interest paid by them on loans advanced by commercial banks for priority energisation. It is felt desirable and advantageous to do so in the interest of accelerating agricultural development.

ORDER No. PD 129 PIF 78, BANGALORE, DATED THE 5TH JANUARY 1979

In the circumstances stated above, the Government of Karnataka are pleased to extend Government guarantee for loans advanced to the Karnataka Electricity Board by commercial banks (under the existing ARDC Refinance Programmes) for energisation of pumpsets on a priority basis, as well as for subsidising the rate of interest to be paid by the Karnataka Electricity Board to the commercial banks on such loans, to an extent of 4%.

The expenditure in this behalf may be debited to the budget-head "306 Minor Irrigation-8 Other Expenditure-III Payment of Interest Subsidy to the Karnataka Electricity Board (Plan)" during 1978-79

REVENUE SECRETARIAT

Subject.—Revival of "Jamabandi" system in the State.

CIRCULAR

No. RD 76 TRR 78. Bangalore, dated 1st January 1979.

The system of "Jamabandi" the main object of which was to review the revenue administration of each village was in vogue in all the areas of the Karnataka State, though there were some variations in the name given to such review and the period during which such review was undertaken. During recent years, the system has fallen into desuetude due to a multiplicity of factors. Government have now thoroughly examined the implications of the working of "Jamabandi" and have considered it very necessary to review this system of a thorough and comprehensive review of the revenue administration at the village level with the prime objective of toning up the administration at the grassroot level and for monitoring the progress of development schemes with special reference to the measures aimed at uplifting the weaker sections of society.

2. **Jamabandis are of two types.**—Dittum and Huzur. Dittum Jamabandi which would be done by the Tahsildar consists of the preliminary exercises done by the taluka office staff and has two aspects.

(i) Reconciliation of the accounts where the D.C:B. for the preceding year is thoroughly scrutinised and balance arrived at;

(ii) Preparation of annual statements after a detailed scrutiny of the village and taluk registers and accounts. The scrutiny would be undertaken by the Taluk Office staff and the Tahsildar will check and certify as to the correctness and the accounts of the registers. He will also scrutinise the Form No. 19 prescribed under the Land Revenue Rules which is maintained by the Village Accountants, thus facilitating the fixation of final demand during the Huzur Jamabandi. The Dittum Jamabandi would be done by the Tahsildar by visiting each of the villages in his charge.

Huzur Jamabandi is done after the Dittum Jamabandi is completed, normally at the Hobli headquarters, during which the demand for the next Land Revenue Year would be fixed.

Duties to be performed by the Dittum and the Huzur Jamabandi Officers during the Dittum and Huzur Jamabandis would be as detailed in the Annexure A and B, respectively, enclosed to this Circular.

3. For the purpose of Huzur Jamabandi each taluk will be treated as a Unit. The Jamabandi work should commence in all the areas by 15th October every year and be completed by the end of February next. The Huzur Jamabandi shall be conducted by the Deputy Commissioner/Special Deputy Commissioner of the District, and Assistant Commissioner of the concerned Sub-Division, according to a programme to be drawn up with the approval of the Deputy Commissioner before the end of September every year. At least one Taluk in each Sub-Division should be taken up by the Deputy Commissioner or the Special Deputy Commissioner and the remaining Taluks allotted to the Assistant Commissioner of the Sub-Division. In Districts having a Special Deputy Commissioner, the Deputy Commissioner should himself attend the Jamabandi at least in two Taluks.

be posted in the T. T. Register with entries relating to fines inflicted. The T. T Register maintained by the Village Accountant should be thoroughly examined by the Jamabandi Officer. Cases which are not disposed of earlier should be dealt with during Jamabandi.

4. **Kanmi-Jasti Statement and orders.**—This statement is based on the Annual Accounts statement prepared for the previous year. Any variation in the assessment due to wrong demand or otherwise has to be corrected by reducing or increasing the assessment as the case may be under the orders of the Jamabandi Officer. Hence all such cases should be got prepared and orders given during Jamabandi.

5. **Annual reconciliation of Accounts.**

6. **Baki-Patties under all heads of revenue.**—The Kulwar Baki-Patties under all items of revenue i.e., Land Revenue, Water Rate, Maintenance Cess, Betterment Contribution, loans as on 1st July should be got prepared and scrutinized by the Jamabandi Officer.

It will be seen that the Dittum Jamabandi conducted by the Tahsildars constitutes a preliminary test of Village Accounts before the Huzur Jamabandi is taken up by the Huzur Jamabandi Officer, which will be a more thorough and detailed examination covering all possible aspects of the revenue management of the Taluka.

7. **Updating of Records.**—Updating of land Records by disposing of pending mutation cases and disputed cases by getting reports in Form 19 under Section 128 of the Karnataka Land Revenue Act, in respect of succession cases, may be attended to by the Jamabandi Officer.

8. **Reconciliation of Loan Ledgers.**—Reconciliation of the ledgers of the various loans maintained by the Village Accountants with reference to the Taluka records has to be accomplished.

9. **Updating of Demand Lists.**—Updating of the demand lists regarding payment relating to occupancy price payable under the various Inam Abolition Acts and the Land Reforms Act should be ensured.

10. **Revision of lists of lands available for disposal.**—List of lands available for disposal should be revised after omitting the lands disposed of and including lands released from reserved categories, which have become available for disposal.

11. **Scrutiny regarding adherence to conditions of grant.**—Scrutiny of the lands subject to the condition of non-alienation for a specific period, while granting them under the Land Grant Rules or the Land Reforms Act, should be made after verifying through local enquiry whether any of the conditions of grant has been violated.

12. **Small Holdings.**—Whether the small holdings in respect of which land revenue is not to exceed Re. 1 per holding per annum have been held (benami) by large land-owners should be verified.

13. **Certified Copies.**—With reference to the registers maintained for this purpose, it should be verified whether certified copies of the record of rights and other documents required frequently by the agriculturists have been granted promptly and without causing any inconvenience to the applicants and without charging them anything more than the fees legitimately due for grant of such copies.

14. **Transfer of Pattas.**—Disputes regarding the transfer of pattas should be settled by verifying title deeds and other documents available with the concerned

parties. The Officer conducting the Jamabandi should verify himself, by obtaining the original copies of a few pattas, that they have been correctly written. Omissions and defects, if any, noticed should be rectified on the spot and pattas returned to the concerned parties duly initialled by the Jamabandi Officer.

15. **Birth and Death Registers.**—Accuracy in the maintenance of Births and Deaths Registers should be verified by local enquiries.

SOCIO-ECONOMIC PROGRAMMES

The Tahsiladar is an important Officer of the Taluk who should be seriously concerned with the implementation of the "Socio-Economic Programmes" initiated by the Government. During the course of the Dittum Jamabandi the Tahsildar should attend to the following items of work when he visits villages.

1. **Civic Amenities.**—The localities inhabited by the Scheduled Castes and Scheduled Tribes and other weaker sections of Society are usually neglected in the matter of providing civic amenities inspite of declarations made by the Central and State Governments from time to time and in-spite of various enactments. Progress in the matter of providing such amenities like drinking water, electrification, roads, formation of layouts in these localities should be reviewed by undertaking some field visits where necessary.

2. **House sites.**—Lists of houseless and siteless persons still to be provided with houses/house sites should be obtained and suitable action initiated to provide them houses/site.

3. **Demarcation of Sites.**—Progress of Demarcation of sites allotted to houseless and siteless persons, and handing over possession to persons already allotted, should be reviewed.

4. **Implementation of Agricultural Wages Act.**—Amount of actual wages paid to agricultural labour should be ascertained by local enquiry, whether the minimum wages notified by Government are being paid should be verified.

5. **Review of Progress under Debt Relief Act.**—Implementation of the Karnataka Debt Relief Act, 1976 should be reviewed with special reference to:

(a) obtaining the statements from pawn brokers under Sec. 5 (1) of the Act and the delivery of pledged articles to the debtors;

(b) Obtaining of statements from mortgagees under Sec. 5 (5) of the Act and ordering restoration of possession to the debtors;

(c) Alternative arrangements made for providing consumption credit to the weaker sections of society to save them from selling their property for mere subsistence in view of the drying up of the traditional sources of credit in the rural areas.

Review the implementation of the Bonded Labour System (Abolition) Act, 1976 with special reference to:—

(a) Economic rehabilitation of the freed bonded labourers;

(b) Educational facilities to the Children of freed labourers and to children of school going age freed from bonded labour.

6. **Bonded Labourer.**—Whether bonded Labour system has come back under the disguise of annual labour contract should be verified by local inquiries.

7. **Progress under Land Reforms Act.**—Progress achieved in the conferment of ownership rights in respect of sites to tenants; agricultural labourers and artisans under the Land Reforms Act, should be reviewed.

8. **Essential Commodities.**—Arrangements made for the distribution of essential commodities in the village should be reviewed.

ANNEXURE

Administration Report of the Directorate of Prosecutions in Karnataka for the Year 1976-77

GENERAL

The Directorate of Prosecutions, Dharwad and the Directorate of Prosecutions, Bangalore continued to function in the original set-up till 21st July 1976. Sri G. N. Sabahit continued to be the Director of Prosecutions, Dharwad till 21st July 1976 and Shri B. C. Srinivasan, Joint Secretary to Government, Department of Law and Parliamentary Affairs, continued to be in additional charge of the post of Director of Prosecutions, Bangalore, till the aforesaid date. The Director of Prosecutions, Dharwad exercised jurisdiction over the two Revenue Divisions of Belgaum and Gulbarga, whereas the Director incharge of Bangalore Division exercised jurisdiction over the Revenue Divisions of Bangalore and Mysore. There were two Deputy Directors who were also on deputation from the Officers of the cadre of Civil Judges of the Karnataka Judiciary and working under the Directors in each of the Directorates during the aforesaid period. In addition, two Senior Assistant Public Prosecutors also continued to assist the Director of Prosecutions, Dharwad.

As per Government Order No. LAW 84 PPE 75, dated 1st December 1975, the Government ordered restructuring of the Directorate of Prosecutions modifying the previous G. O. No. LAW 114 LAG 72, dated 30th December 1972. To implement the said order, a recruitment committee was constituted under the Chairmanship of the Law Secretary with the Commissioner for Home Affairs and the Inspector General of Police, Karnataka State as its members for recruiting the Director and the Deputy Directors of Prosecutions on permanent basis. The recruitment committee thus constituted selected Shri. D. Shankara Reddy as Director of Prosecutions in Karnataka (1) Sri V. R. Gopalaswamy, (2) Sri G. B. Gilganchi and (3) Shri P. Seetharamaiah, were

selected as Deputy Directors of Prosecutions, directly from the Officers of the Karnatrka Judicial Service. Two Senior Assistant Public Prosecutors viz., (1) Sri U. Radhakrishna Rao and (2) Sri N M. Kazi were promoted as Deputy Directors of Prosecutions by the same Committee Sri D. Shankara Reddy, who was appointed as Director of prosecutions in Karnataka assumed charge on 22nd July 1976. Thus the Directors of Prosecutions in Dharwad and Bangalore who were working on deputation were repatriated to the parent Departments. Since 22nd July 1976, one Director began functioning for the entire State as Director of Prosecutions in Karnataka with headquarters at Bangalore. However, the Office of the Director of Prosecutions at Dharwad was continued without the Director but with the Deputy Director of Prosecutions as the Head of the Office till 15th November 1976. The Deputy Directors of Prosecutions who were selected by the aforesaid Committee were appointed with effect from 15th November 1976, thus bringing into existence the restructured Directorate of Prosecutions with effect from the said date. As a result of the restructured Directorate of Prosecutions in Karnataka coming into existence, the Directorate of Prosecutions at Dharwad, which was functioning under the Deputy Director of Prosecutions was abolished with effect from 15th November 1976. Sri H. N. Deshpande, the Deputy Director of Prosecutions, Dharwad Shri S. V. Tilul and Shri K. S. Narayanashastry, the Deputy Directors of Prosecutions working till then at Bangalore were repatriated to the parent Department *viz.* the Karnataka Judiciary.

The Office of the Director of Prosecutions which was formerly located in a small private building in Jayanagar was shifted to the Inspector General of Police Office premises in Nrupathunga Road, Bangalore during the early part of 1976 and it continued to function from the same premises. The Offices of the Deputy Directors of Prosecutions in the Divisional headquarters of the Statie, *viz.*. Bangalore, Mysore. Belgaum and Gulbarga came into existence and began functioning from 15th November 1976. Their offices were located in the Office premises of the Deputy Inspectors General of Police of the concerned Ranges. In addition, one Deputy Director of Prosecutions exclusively for Bangalore Metropolitan Area came into existence also from the said date and began functioning independently with the Office located in the Office premises of the Commissioner of Police, Bangalore City.

The Director is Major Head of the Department of the Directorate of Prosecutions. The Deputy Diiectors of Prosecutions, the Public Prosecutors working in the Sessions Courts. the Senior Assistant Public Prosecutors and Assistant Public Prosecutors conducting prosecution in the Magistrates' Courts work under the supervision and disciplinary control of the Director of Prosecutions.

WORKING OF THE DIRECTORATE

The object of restructuring the Directorate of Prosecutions was to achieve better coordination and co-operation between the Inves igating Agency and the Prosecuti n Department so that the cases of the prosecution on behalf of the State may be effec ively projected before the Criminial Court in the State To achieve the said object, the office of the Director continued to function n close co-operation with the Inspector General of Police. The Offices of the Deputy Directors of Prosecutions continued to function in close co-operation with the Deputy Inspectors General of Police of the Ranges and the Commissioner of Police, Bangalore City.

The Director's functions included rendering advice to the Inspector General of Police in all matters of investigation and prosecution referred to him. Likewise, the function of the Deputy Directors included to advice the Deputy Inspectors General of Police of the Ranges and the Commissioner of Police, Bangalore City in all the cases referred to them in connection with investigation and prosecution. The main function of the Directorate of Prosecutions in Karnataka is to arrange for effective conduct of prosecution in all criminal cases before the Magistrates' Courts and the Sessions Courts on behalf of the State. It also includes advising the Investigating Agency at the time of investigation of the cases as and when the matters are referred to the Directorate of Prosecutions by the Investigating Officers. These functions were carried out by the Officers of the Directorate of Prosecutions with the co-operation and coordination of the Investigating Agency during the year under report.

SCRUTINY OF JUDGMENTS AND ORDERS AND FURNISHING OPINION FOR APPEAL

The Prosecutions obtain copies of judgment of acquitial and orders of discharge as also judgement copies in cases in which inadequate sentence has been imposed by the Courts or where the accused were convicted for minor offences, acquitting in connection with more heinous offences and submitted the same along with their opinion in each of the cases within 15 days from the date of judgment or order to the Deputy Director of Prosecutions concerned. The Deputy Directors of Prosecutions scrutinising the judgements and perusing the opinion of the Prosecutor, finalise the cases furnishing their opinion in the matter as to the fitness of the case for preferring an appeal or revision and in consultation with the Deputy Inspectors General of Police of the Ranges, send the case records to the Office of the Director of Prosecutions. The Director in consultation with the Inspector General of Police expressing his own opinion in the cases as to their fitness for preferring appeal or otherwise, recommend the case to the Government for taking final decision in the matter.

SCRUTINY OF CHARGESHEETS AND ADVICE TO THE I.OS.

The restructured Directorate encouraged very liberally the Investigating Officers to approach any Officer of the Directorate of Prosecutions commencing from the Assistant Public Prosecutors to the Director of Prosecutions at any stage of investigation of cases to consult and obtain their advice and gudiance. At the same time, scrutiny of chargesheets by the Prosecutors was tightened. The Investigating Officers were directed by the Inspector General of Police by separate orders to place the chargesheets in the cases after completing the investigation. beforc the concerned Prosecutors. The Prosecutors in turn were directed to scrutinise the chargesheets, render advice and guidance to the Investigating Officers, pointing out the defects. lapses, omissions or deficiencies, if any, and instructing them to collect additional evidence if necessary or to rectify the chargesheets. After rectification of chargesheets, the Prosecutors are directed to submit the same into the Courts concerned. This procedure gave much relief to the Investigating Officers as the Prosecutors' guidance and advice was made available very liberally at all time to them.

When differences arose between the Investigating Officer and the Prosecutor, they were allowed in approach the Deputy Director of Prosecutions with the case papers for instructions and guidance. It is open to them to approach the Director of Prosecutions in any matter in connection with the investigation and prosecution of the criminal cases at any time and the doors of the Office of the Director was open to them for consultationsand guidance. Encouraged by this. the Investigating Officers from the regular Police Department as also the Officers of the C.O.D. came in large numbers to the Offices of the Directorate of Prosecutions at all levels, held discussions in heinous and complicated cases during the stage of investigation and obtained advice and guidence in many cases throughout the year under report.

In addition, various other Departments of Karnataka Government were also encouraged to approach the Officers of the Directorate of Prosecutions for guidance and advice in all matters relating to offences under Special Acts. The Director rendered advice by furnishing opinion in various matters referred to him through the Law Department in connection with the withdrawal of prosecution as also institution of prosecution proceedings.

Under the restructured Directorate, two Senior Assistant Public Prosecutors assist the Director in his office and one Senior Assistant Public Prosecutor assists each of the Deputy Directors in their offices. However, the assistance of the Senior Assistant Public Prosecutors could not be secured during the year under report for want of sufficient number of Prosecutors. During the year under report, the Directorate examined and scrutinised in all 7122 judgements and orders in acquittal and discharged cases and recommended 802 cases to the Government for preferring appeals and revisions in the High Court.

The Directorate rendered advice to the Investigating Agency at the stage of investigation of cases and advice to Government by furnishing opinion in the withdrawal of prosecution and institution of prosecution in 95 cases during the year under report.

As in the previous years, the Directorate examined the Judgements and orders with three fold purpose. If the Directorate found that the Judges and Magistrates concerned eared bonafide in the application of law or appreciating evidence an appeal or revision as the case might be was recommended. If the Directorate found that the facts collected during investigation were not properly presented before the Courts by the concerned Prosecutors, the attention of such Prosecutors was drawn to it and suitable instructions were issued as also steps were taken to avoid such instances in future. At the same time, if the Directorate found the investigation was defective or there were serious lapses in it, such cases were brought to the notice of the concerned Superintendents of Police of the districts to enable them to tone up and take needful action against the Investigating Officers. The Superintendents of Police were also provided with copies of judgments in all such cases.

A number of occasions were utilised by the Deputy Directors of Prosecutions and the Director to address the Police Officers in the districts and in Bangalore City explaining as to the functioning of the Directorate of Prosecutions and to obtain greater co-operation and co-ordination from them. The Director of Prosecutions addressed the Senior Police Officers at the State Level Annual Police Officers' Conference of Bangalore during January 1977, explaining the good features of the restructured Directorate of Prosecutions and its functioning at all levels in the State. The co-operation and co-ordination extended by the Police Officers to the Directorate of Prosecutions during the year under report was satisfactory by and large.

STAFF OF THE OFFICE OF THE DIRECTOR OF PROSECUTIONS

The restructured Directorate has the Director with two Senior Assistant Public Prosecutors to assist him in the Office. A gazetted Assistant of the cadre of Class-I Officer, an Accountant one Stenographer, two First Division Clerks, two Second Division Clerks and Two typists are the staff Immediately after the Directorate was restructured, slowly all the officials working on the staff of the Offices of the Directors of Prosecutions, Dharwad and Bangalore on deputation were repatriated to their parent departments. Cadre and Recruitment Rules were published by the Government. An Under Secretary cadre Officer from the Secretariat was deputed as Gazetted

Assistant to the Director. Clerks' posts were filled up by obtaining allottment from the Karnataka Public Service Commission. Recruitment was made to the posts of Stenographers and Typists in the offices of the Director and Deputy Directors of Prosecutions and the posts were filled up on permanent basis. Accountants in the Office of the Deputy Directors and Director were however obtained on deputation as the said posts are to be filled up on promotion and the same could not be filled up by direct recruitment.

Due to heavy work in the Office of the Director of Prosecutions, much difficulty was experienced due to insufficient staff provided to his office. There is great need for a post of Deputy Director of Prosecutions in the Office of the Director of Prosecutions. Additional Stenographer to the Director of Prosecutions for purposes of attending the administration work, two Stenographers one to each of the Senior Assistant Public Prosecutors to deal with opinion matters and establishment are also required. Two more First Division Clerks and two more Typists are very badly needed for the Office of the Director of Prosecutions. One post of Accounts Superintendent is very necessary to the Office of the Director as the entire Accounts matters relating to all the Officers of the Department are to be attended to in the Chief Office. Efforts were made for obtaining sanction of some of the posts mentioned above ; but without success due to economy measures in force. However, further efforts are being made in that behalf.

DEPUTY DIRECTOR'S OFFICE AND THE STAFF

The staff of each of the Deputy Director's Offices consists of a Superintendent of the Office, Accountant, two First Division Clerks two Second Division Clerks one Stenographer twoTypists and a dalayath and one Watchman. Except for the fact that one more Stenographer is necessary for the Senior Assistant Public Prosecutor attending to opinion matters in the Deputy Director's Office, generally the Clerical staff provided to the Deputy Directors is just sufficient. One Dalayat's post is not sufficient for the Deputy Director's Office. In addition, one Cycle-orderly for attending to Tappals and one Attender are very badly needed to the Deputy Directors' Offices. The efforts to obtain sanction for the same also did not meet with success due to ecnomoy measures. Further efforts are to be made to obtain sanction for the same for effective working of the Deputy Directors' Offices and in order to give incentive to the Dalayats and Watchman for promotional chances.

ASSISTANT PUBLIC PROSECUTORS

The strength of the Prosecutors was raised and fixed at 110 Assistant Public Prosecutors and 30 Senior Assistant Public Prosecutors. There were short of the Officers of the cadre of Assistant Public Prosecutors and Senior Assistant Public Prosecutors in the Department. The Departmental Recuritment Committee was constituted by the Government during the year under report under the Chairmanship of the Secretary for Law and Parliamentary Affairs. The Commissioner for Home Affairs, the Inspector General of Police and the Director of Prosesutions are the members of the Committee. Cadre and Recruitment Rules for the Department were framed and published. The Recruitment Committee recruited 21 Assistant Public Prosecutors during the year under rep rt, to fill up all the posts of the Prosecutors. Actual appointments and posting of the new Prosecutors was of course made during the commencement of subsequent year.

It is, however, felt that the sanctioned strength of Assistant Public Prosecutors and Senior Assistant Public Prosecutors in the Department is not sufficient to attend prosecution work in all the Criminal Courts effectively, In about 13 Courts of Magistrates of the First Class, Prosecutors could not be posted to conduct prosecution in criminal cases for want of sanctioned posts of prosecutors. Criminal Courts are more in number than the Prosecutors in the Department of Direc orate of Prosecutions. Therefore, 13 Prosecutors were placed in charge of conducting prosecution in 26 Courts of Magistrates of First Class working at different places at the rate of one Prosecutor to conduct prosecution in two courts. Likewise, in district headquarters in 2 to 3 Civil Judges *cum* Chief Judicial Magistrates' Courts, one Senior Assistant Public Prosecutor was posted to conduct prosecution for want of Sufficient number of sanctioned posts of Senior Assistant Public Prosecutors. In course of time by experience, it is realised that unless one Prosecutor is posted exclusively to one Criminal Court to conduct prosecution and assist the court, the object of speedy disposal of criminal c ses cannot be achieved. Efforts are to be made to obtain sanction for more posts of Assistant Public Prosecutors and Senior Assistant Public Prosecutors to enable the Department to arrange for posting one Prosecutor to each of the criminal courts to conduct prosecution in order to realise the object of quick disposal of criminial cases by the Courts. It is also felt that one Senior Assistant Public Prosecutor is not sufficient to assist in the work of scrutiny of judgements and orders and furnishing opinion in the offices of the Deputy Directors of Prosecutions. Work of scruitiny of judgments is very heavy in all the Divisions, viz., Belgaum, Gulbarga, Mysore and Bangalore, except to a little extent in Bangalore city Metropolitan Area. Therefore, another Senior Prosecutor to assist the Deputy Director and one more Senior Assistant Public Prosecutor to assist the Director are very necessary. Further, the increase of posts of Assistant Public Prosecutors and Senior Assistant Public Prosecutors as stated above would help for placing some officers working in the offices of the Deputy Directors and Director in additional charge of the Assistant Public Prosecutors and Senior Assistant Public Prosecutors working in the Courts when the said officers proceed on long leave so that the prosecution work in the Courts may be continued without any obstruction.

STAFF TO THE SENIOR ASSISTANT PUBLIC PROSECUTORS AND ASSISTANT PUBLIC PROSECUTORS

There is no staff at all to the Senior Assistant Public Prosectors and Assistant Public Prosecutors. In the districts of Gulbarga, Raichur and Bidar, a Typist who was assisting the Prosecutors in the old set-up has been continued on temporary basis. Those Typists are borne on the establishment of the Police Department. There are innumberable complaints day-in and day-out from the Prosecutors working in the said region that the said Typists are not allowed to function in their Offices regularly. The Police Officers in the district are sharing the services of the Typsists and therefore, the work in the Offices of the Assistant Public Prosecutors is very much hampered. There is no assistance of a Clerk or a Typist in the Offices of the Senior Assistant Public Prosecutors and Assistant Public Prosecutors in the remaining districts of the State. Since the Directorate of Prosecutions came into existence. a number of representations have been made and proposals are sponsored by the Directorate, requesting the Government for sanction of uniform pattern of staff to the Prosecutors. The work in the Prosecutors' Office has increased; they are to maintain a number of Registers. They should submit a number of monthly returns and quarterly returns to the D,rectorate of Prosecutions. They should scrutinise the charge sheets, make observations in writing as to the defects and lapses in the investigation and send the same to the Investigating Officers for rectification. They should correspond with the Police Officers in connection with the service of summons and bringing the witnesses and so on. They should obtain copies of judgments, scrutinise the same and furnish opinion to the Directorate of Prosecutions as to whether a case is fit for preferring appeal or revision or otherwise, in all cases ending in acquittal or discharge. The Assistant Public Prosecutors are Class-II Gazetted Officers; The Senior Assistant Public Prosecutors are Class-I Gazetted Officers. There is no any other Department of Government of Karnataka, in which Gazetted Officers are made to function without the assistance of even one Clerk or Typist or a Peon or Attender, If the Prosecutors are to function smoothly and conduct prosecution efficiently. and effiectively sanction of a Clerk-*cum*-Typist post to each of the Prosecutors is a must. Efforts are being made with the Government to obtain sanction of the same. It is requested that the Government may be pleased to finalise the same and accord sanction of one Clerk-*cum*-Typist to each of the Prosecutors working in the State very early.

ACCOMMODATION

The accommodation for the Director's office may be stated to be just sufficient. However, it is necessary that the Director's Chamber and the Office premises should be adjacent to each other in one compact premises for having effective control over the staff. At present, the office of the Director is located in different blocks in the premises of the office of the Inspector General of Police. His Chamber and the P.A,'s room are located in another block. It is hoped that when the new building which is under construction in the Inspector General of Police's Office premises is ready for occupation, suitable and sufficient accommodation in one compact block would be provided to the Office of the Director.

Accommodation now provided for location of Deputy Directors' Offices in the Divisional Headquarters and Bangalore City is generally not sufficient. The accommodation provided in Gulbarga for the Deputy Director's Office is a little better than the accommadation provided in other places. In Mysore the Deputy Director's Office and the Chambers of the office are in two different places altogether. The Office is located in a very congested small building away from the building where the Chamber of the Deputy Director is located. Every staff member is made to sit in a separate congested tiny room without sufficient ventilation. The Superintendent of the Office and the Deputy Director are not able to have full and effective control over the staff members in such a situation. Efforts are being made to obtain better accommodation for the staff in one building very near to the Deputy Director's Chambers. It is hoped that the Police Department would co-operate and assist us in that behalf. The worst hit and most insufficient is the accommodation made avialable to the Deputy Director, Bangalore City in the Police Commissioner's Office premises. Likewise, in Belgaum also; the accommodation provided in the Office of the Deputy Inspector General of Police is neither comfortable nor sufficient. In,fact, there is no separate independent entrance to the Deputy Director's Office in Belgaum. It is hoped that the Dy. Inspr. General of Police will assist us in providing sufficient and better accommadation to the Deputy Director and the staff. The Deputy Director's Office in the Central Range Deputy Inspector General of Police Office premises, has to be improved to provide better facilities to the Officers and the staff members.

ACCOMMODATION TO SENIOR ASSISTANT PUBLIC PROSECUTORS AND ASSISTANT PUBLIC PROSECUTORS

In many places in the State in the Court premises, no accommodation is made available to the Prosecutors. The Prosecutors' Office premises must be as a matter of principle in a portion of the Court premises itself or atleast in the Court compound so that, the Prosecutor may work effectively and conveniently. Wherever some accommodation is provided in the Court premises, it is as though that the same is provided to the Prosecutors' Office gratis or at the sweet will and pleasure of the Presiding Officers of the said Courts. Many instances were brought to the notice of the Director that in several places for some reason or the other, when there was no cardial

relationship between the Presiding Officer of the Court and the Prosecutor, the Presiding Officer directed the Prosecutor to vacate the room provided to him in the Court premises or to move or shift to a smaller and more inconvenient room on the pretext of lack of accommodation for Court staff. There are instances where the Prosecutor was made to vacate the room occupied by him in the Court premises whenever additional accommodation was required for the Court staff or another additional Court was established. Thus in the Court premises wherever some accommodation has been provided the same has been on precarious terms and conditions that whenever the Presiding Officer of the Court required the Prosecutor to vacate for any reason whatsoever and attimes, at the sweet will and pleasure, the Prosecutor had to vacate. This kind of providing accommodation in the Court premises is as good as not providing accommodation at all. Proposals are made to the Government by the Directorate of Prosecutions urging for providing separate and sufficient accommodation in the Court premises either providing a portion of the Court building itself wherever it is availabie or by construction of separate block of building in the Court compound itself for locating the Prosecutor's Office. In all the places where sufficient accommodation is made available in the Court building for the Prosecutors' Offices, it must be permanent and that neither the Presiding Officer of the Court nor even the District Judge of the district should have the authority to ask the Prosecutor to vacate, When the High Court feels that additional accommodation is required to the Court and the Prosecutor will have to vacate, the Government may be addressed by the High Court in the matter and on the direction of the Goverument the Prosecutor should vacate the accommodation provided in the Court premises, in case it is required by the Courts. The Government alternatviyle should provide accommodation elsewhere in the Court compound to the Prosecutor. Such arrangement should be made so that the Prosecutor may discharge his duties fearlessly and efficiently. The Government will be urged to construct suitable buildings for locating the offices of the Prosecutors in every criminal Court compound in phased programme.

FURNITURE AND LIBRARY

Immediately after the establishment of the Deputy Directors Offices, the furniture and the statute books and law journals required for the Deputy Directors' Offices were purchased and made available to them. A small reference library thus provided to the Deputy Directors will be improved by adding useful text books and law journals in the years to come. The Deputy Directors were provided with telephones in the office and residence during the year under report to enable them to have urgent and frequent contact with the Police Officers and the Officers of Directorate of Prosecutions elsewhere including the Director for consultations and communication of urgent matters in day-to-day routine official work.

Criminal Law Journal, Nyaya Sudha and Karnataka Law Journal were supplied to the Deputy Directors during the year under report.

No furniture is available in the Prosecutors' Offices and no furniture could be supplied to them for use in them for use in the Offices for want of sanction of required funds, though proposals were made by the Directorate urging the Government to provide for the same. Efforts will be continued to obtain sanction of Government for providing the minimum required number of furniture for the use of the Prosecutors. Sufficient number of law books were supplied to the libraries of the Prosecutors during the year under report. The Criminal Law Journal and the Nyaya Sudha Kannada Law Journal were supplied to the Prosecutors during the year to keep them abrestof the latest decisions of High Courts and Supreme Court.

The reference library in the Director's Office was further improved by addition of law journals and text books on law during the year under report. As in the previous years, the following law journals were subscribed for, during the year.

(1)	The All India Reporter	(Monthly)
(2)	Criminal Law Journal	(,,)
(3)	Nyaya Sudha	(,,)
(4)	Supreme Court Cases	(,,)
(5)	Accidents Claims Journal	(,,)
(6)	Karnataka Law journal	(Weekly)
(7)	Supreme Court Weekly Report	(Weekly)

PUBLIC PROSECUTORS

Some Public Prosecutors working in the districts in the State are provided with accommodation for their Offices and some have no accommodation to locate their Offices. The Public Prosecutors' Offices in Bangalore City Metropolitan Area and Bangalore Rural District have not been provided with sufficient and comfortable accommodation in spite of the fact tha n w District Court compl x building has been occupied by h Courts in the City. A wooden cabin accommoda ion in th open varandah is made available to the Public Prosecu or in h City. It is n-ith r s cure nor comfortable nor sufficient. Wooden partitioned, very small accommodation which is provided to he Bangalore rural district Public Prosecu or a Mayohall is absolutely insufficient. It is necessary to provide bet.er accommodation to the Public Prosecutors in Bangalore

City and Bangalore District, The Public Prosecutors, Bangalore City and district and major cities like, Mysore, Dharwad. Mangalore. Belgaum, Gulbarga and so on should be provided with telephones to enable them to contact the Police Officers and the Officers of the Directorate of Prosecutions urgently whenever they require their assistance and advice in official matters. The Public Prosecutors are given to the administrative control of the Director of Prosecutions but some of the matters relating to them are yet with the Deputy Commissioners of the districts. For instance, supply of stationery and service lables to the Public Prosecutors is to be made by the Deputy Commissioners. Lots of complaints are received from the Public Prosecutors that the supply of the same is not being made to them sufficiently or in time by the Deputy Commissioners. It is, therefore, necessary that the supply of stationery and service ables to the Public Prosecutors should be entrusted to the Directorate of Prosecutions by issuing separate orders by the Government. It is needles to state that the Public Prosecutors Offices are permanent though the Public Prosecutors are appointed on term basis. In view of the work load and several items of work entrusted to them in the present set-up of the Directorate of Prosecutions. it is very necessary that all the Public Prosecutors should be provided with staff, at least with a Clerk-*cum*-Typist. The present system of a Second Division Clerk being deputed from the Sessions Court to the Public Prosecutors' office to attend to the work should be discontinued as it is not working satisfactorily. The Public Prosecutor and the Government Pleader was one and the same individual during the past several years. Since a few years, the posts of the Government Pleader and Public Prosecutor in the district are filled up by appointing two separate individuals. The Second Division Clerk provided from the District Court has to be shared by the Government Pleader and the Public Prosecutor. There is a complaint that the Clerk is neither working under the Government Pleader nor under the Public Prosecutor. The work of both the Offices is suffering. The Public Prosecutor in some districts viz., Kolar, Tumkur, Hassan, Mandya, Chikmagalur and Chitradurga are not provided with even the assistance of Second Division Clerk from the District Court. No Public Prosecutor's Office is equipped with either a library or the minimum required furniture. It is, therefore, requested that the Government may be pleased to make provision and accord sanction for supply of furniture and give the assistance of a Clerk-*cum*-Typist to each of the Public Prosecutors in the districts. It is also necessary that the Directorate should be empowered to supply minimum required books and law journals to the Public Prosecutors for equippoing them to discharge their functions efficiently.

INSPECTIONS

Periodical inspections of the Offices of the Public Prosecutors/Senior Assistant Public Prosecutors/Assistant Public Prosecutor were undertaken by the Director of Prosecutions. The Director undertook inspection tours to several places in the State during the year; and addressed Police officers in connection with investigation of cases and explaining the working of the restructuted Directorate of Prosecutions and give guidance to the Prosecutors. The Prosecutors performance in the Courts was also watched by attending the Courts when the Prosecutors were conducting prosecution. All these items of work was attended to and would be continued to tone up the morals and efficiency of the Prosecutors.

The Deputy Directors were instructed to make surprise visits and go on inspection toure to inspect the Offices of the Assistant Public Prosecutors and Senior Assistant Public Prosecutors and to watch the performance of the Prosecutors in the Courts as also to guide the Prosecutors and Police Officers in their respective divisions. However, the greatest hindrance posting the Deputy Directors is lack of official conveyance. The Deputy Directors are having jurisdiction over 4 to 6 districts in each Division. It is very large area to cover. They will have to tour in the mofussil places where the Courts are located and the Prosecutors are working. To move from place to place and to make surprise visits as also to undertake official Inspection tours to increase the efficiency in the Department and to return to the headquarters to attend to his normal and regular work of scrutiny of judgements and furnishing opinion. it is very necessary to provide an official conveyance viz., an Ambassador Car to each of the Deputy Directors of Prosecutions, taking into consideration the nature of work they are entrusted with to attend to and the vast area they are expected to tour in the course of discharging official duties. The Government will be urged for providing official conveyance to each of the Deputy Directors of Prosecutions in the immediate near future.

CONCLUSION

The restructured Directorate having come into existence with effect from 15th November 1976 was still in infant stage during the year under report. However, during the short period it made sufficient impact in gaining impressive importance and achieving by and large greater co-operation and co-ordination between the Investigating Agency and the prosecution Department at all stages of investigation and conduct of prosecution in criminal cases before Courts in spite of lack of sufficient accommodation, staff and furniture. Efforts were made in all the directions to increase the efficiency of the Prosecutors and to raise their morale and to make them to render assistance, guidance and advice to the Investigating Agency at all level.

With this strong foundation laid it is earnestly hoped that better results in the Department would be achieved in the years to come by the continuous, strenous efforts and co-operation of all the concerned.

Scheme of Government of India which facilitates the provision of credit at a concessional 4% rate of interest to artisans and other weaker section of society in order to engage them in productive activity, the Public Sector Banks are required to lend at least 1% of the total advances as at the end of the preceding year ensuring that at least one-third of their advances are made to Scheduled Castes and Scheduled Tribes.

The Private Sector Banks have no obligation to implement the DIR Scheme. However, the State Government has tried to encourage them to give loans under the scheme availing of the subsidy which was offered to them by the Government in respect of the districts which were not categorised as backward.

There was considerable enthusiastic support from the Public Sector Banks in the earlier years. However, lending under the scheme has markedly declined and has practically come to grinding halt since the beginning of the current year.

One of the reasons given by the Commercial Banks for not lending more under the DIR Scheme is the unsatisfactory recovery position It is stated that arrears under the DIR scheme are about Rs. 1. 2 crores as at the end of September 1977 as against the advance of about Rs.9.5 crores as at the end of December 1977 benefitting 1.8 lakh beneficiaries. The banks, therefore,

plead that difficulties in recovering the loans disbursed in earlier years have now discouraged them from extending further credit under the Differential Interest Rate Scheme.

If the lending under the DIR Scheme by Commercial Banks is to be dynamically stepped up, it is apparent that further State Governmental support for such a Programme needs to be seriously considered In the past, the Block Development Officers were designated as the "Credit Assistant Officers" under this scheme and were largely responsible for identifying the beneficiaries. A few months ago, Government issued Circular instructions to Block Development Officers directing them to assist the Commercial Banks in recovering loans already disbursed under the Scheme particularly where the Block Development Officers had been responsible for the identification of beneficiaries.

Notwithstanding all this support given by the Government to the Commercial Banks in the matter of recovery, required amount of institutional credit to weaker section under DIR Scheme is not forthcoming from the Commercial Banks. As the scheme is of great help to the artisans and other weaker sections of society, it is felt that by giving a guarantee to the Commercial Banks in respect of loans given under DIR, the resistance can be overcome and a regular and smooth flow of cheap credit can be achieved.

ORDER No. PD 105 PIF 78, BANGALORE DATED THE 11TH JANUARY 1979.

Afer careful consideration, Government of Karnataka are pleased to offer guarantee to the Public Sector Commercial Banks in respect of loans given by them under the Differential Interest Rate Scheme.

This Order issues with concurrence of Finance Department.

Review of the Special Pays sanctioned to I.A.S./I.P.S. Cadre posts—Recommendation of the Third Central Pay Commission—Issues orders regarding

G. O. No. DPAR 310 SAS 78, dated 30th September, 1978.

ORDER NO DPAR 310 SAS 78 (I), BANGALORE, DATED THE 29TH DECEMBER 1978

In para 46 of Chapter 11 (Vol. I) of their Report, the Third Central Pay Commission have observed as under :—

".....We find that there are considerable inter-State variations in regard to the grant of special pay, particularly on the posts of District Superintendent of Police. While some States grant special pay on all posts of Superintendent of Police, some others allow special pay in only the important districts and some States do not allow any special pay at all to the SPs of Districts. We would suggest that the State Governments should review the position and allow special pay to SPs of those districts which are deemed to be more important and difficult charges. One criterion that can be adopted is that wherever the post of Collector and District Magistrate carries a special pay, the post of Supdt. of Police should also carry a special pay. As in the case of the IAS, the number of posts in the IPS carrying special pay should not exceed 75 per cent of the senior posts under the State Government (excluding those in the in super-time scale) "

Both for the I.A.S and the I.P.S., the Central Government have, however, decided that the number of posts eligible for grant of Special Pay in a State Cadre should not exceed 50 per cent of the Senior posts under the State Government excluding posts in the Super-time Scale).

In the light of the recommendation of the Third Central Pay Commission and the decision of the Central Government thereon, the position in regard to admissibility Special Pay to senior posts in the I.A.S./I.P S., Cadre has been reviewed so as to conform to the decision of the Central Government in regard to the 50 per cent ceiling.

After careful consideration Government are pleased to sanction under I.A.S./I.P.S., (Pay) Rules 1954 Special Pay to the following Cadre posts at the rates noted against them :—

The term 'Other Backward Classes' covered hitherto Nomadic, Semi-nomadic and Other (former De-notified) Tribes only about 89 Tribes/Communities perior to the issue of G. O. No. SWL 2 TBS 77, dated 22nd February 1977. After considering the recommendations of the Backward Classes Commission's report, Government Order dated 22nd February 1977 has been issued covering about 300 Communities/Castes and Tribes grouping broadly under Backward Classes with an income of Rs. 8,000 per annum and further revised to Rs. 10,000 per annum and bel was per Government Order dated 25th January 1978 consisting of (i) Backward Communities (ii Backward Castes and (iii) Backward Tribes and 'Special Group' with an income of Rs. 4,800 per annum or below consisting of actual cultivator, artisan petty businessman, holding appointment in Government Service or corresponding services under private employment including casual labour and any person self employed or engaged in any occupation involving manual labour. This means the fee concession suddenly became available to a very large number of the student population. The Heads of Departments could not foresee the amount required for the year 1977-78 and 1978-79 and have forwarded proposals for additional allotment of funds.

Award of fee concession is primarily a measurement for the betterment of economically backward and weaker sections of the society. Hence, it is appropriate that the expenditure is met from the budget of Social Welfare and Labour Department and fee concessions are awarded through the Directorate of Backward Classes and Minorities which has been recently established to look after the welfare of Backward Classes.

ORDER No. ED 39 CSS 78 BANGALORE, DATED THE 7TH FEBRUARY 1979.

IMPORTANT GOVERNMENT ORDERS

PUBLIC WORKS AND ELECTRICITY SECRETARIAT

Reorganisation of the Electrical Inspectorate.

READ;—

1. Government Order No. PWD 60 GEM 57 dated, 14th/23rd August 1957,
2. Government Orde No. PWD 7 EIG 77 dated 19th May 1978.
3. Letter No. E G/8304/76-77 dated 16th September 1976 from the Electrical Inspector to Government, Bangalore.

PREAMBLE :—

The present set up of the Electrical Inspectorate with the Electrical Inspector to Government as its head came into existence in the year 1957 consequent on the abolition of the former Electricity Department and constitution of the State Electricity Board *vide* Government Order No. PWD 60 GEM 57 dated 14th/23rd August 1957;

The jurisdiction of this Department covers the entire State and it has got a statutory obligation of testing the Electrical Installations at the time of installation and inspecting them as well as transmission and distribution lines periodically thereafter. The Electrical Inspector to Government has reported to Government that the existing staff was sanctioned about 21 years ago when the total number of installations to be inspected by the Department was 32 335 and the total length of lines to be inspected was 12,445 K. Ms and that the numbers of the said installations and the length of lines have been increased to 3.20,392 and 1 79;381 K.Ms respectively as on 31st March 1976. There has, however, been no increase in the staff for the last 21 years which has made it impracticable to discharge the statutory obligations of the Department.

In order to cope with situation adequately and to make it possible to undertake the inspections and tests at the required times the Electrical Inspector to Government has recommended the reorganisation of the Department suitably. While doing so, he has also reported that the fees prescribed for inspection and tests are about 2 years old and that they too deserve upward revision in view of the increase in the cost of maintenance of staff and equipments required for the tests and inspections. His proposal for the upward revision of fees for tests and inspections has been accepted and orders have been issued separately in that behalf with effect from 19th May 1978 resulting in the increase of revenue to an extent of about Rs. 16.50 lakhs per annum, *vide* P. W. D. 7 E. I. G. 77 dated 19th May 1978.

The proposal regarding the reorganisation of the Department has also been considered in all aspects by the Department of Personnel and Administrative Reforms (Administrative Reforms and also scrutinised and accepted by the Staff Screening and Committee.

The financial implications of the integrated proposal of the Electrical Inspector to Government involves an additional revenue to an extent of Rs. 16 50 lakhs by the increase in the fees for inspections and tests and a non- recurring expenditure to an extent of Rs. 5.78 lakhs and a recurring expenditure to an extent of Rs. 14.45 lakhs per annum.

GOVERNMENT ORDER NO. PWD 132 EBS 76 BANGALORE, DATED, 16TH DECEMBER 1978.

After careful consideration of all aspects, Government are pleased to accord sanction to the reorganisation of the Electrical Inspectorate as per the annexure.

This order issues with the concurrence of of the Finance Department *vide* their U O. Note No. 169/FC.II/78 Dated 31st May 1978.

Penal interest on loans advanced to Karnataka Electricity Board

1. G. O No. PWD 7 CLB 73 dated 28th March 1973.
2. G. O. No. PWD 52 EEB 76 dated 27th March 1976.

PREAMBALE :

The above Government orders dealt with the accumulated arrears of unpaid interest of past Government loans to the Karnataka Electricity Board (K E.B.) Having regard to the fact that the K.E.B. was not then in a position to pay such arrears, they were treated as loans, as shown below :

Arrears upto 31st March 1972	...		Rs. 19.11 crores
Arrears of 1972-73 and 1973-74	...	9 78	
Less amounts owed by Government		3.28	Rs. 6 50 crores

2. No penal interest was levied in the above Government orders, again in view of the financial stringency of the Board which had pleaded for the waiver of even the interest on loans. However, Government consider that penal interest is a legitimate financial charge on the resources withheld from Government which would otherwise have reduced Government's liabilities, or would have been invested in printable ventures and is, therefore, of the view that the K. E. B. shall be called upon to pay the same.

3. The quantum of such penal interest has been examined. Government have, in the past, generally fixed it at about 5% of the normal interest. In view of the fact that the normal interest in the earlier years had been fixed at low levels, and also reckoning interest on such unpaid penal interest, it will be appropriate if the current rates of penal interest are adopted for all the past loans.

4. The Accountant General has requested Government to intimate to him the full particulars of the loans in respect of which arrears of interest were capitalised under the above Government orders, the amounts of interest paid/adjusted under the several loans during each year and the period pertaining thereto. The K. E B has stated that the interest adjusted could not be allocated to any particular loan for the reason that only some amounts were paid as and when the surplus permitted, though they did not pertain to those particular years

5. Government do not see any valid reason for not allocating the interest paid/ djusted to specific loans and feel that the particulars equired by the Accountant General can be furnished by making a review of all the amounts and dates of interest paid and interest capitalised.

ORDER No. PWD 213 EEB 78, BANGALORE, DATED 30TH DECEMBER 1978.

After taking all factors into account and in supersession of all previous Government orders in regard to the rates of normal/penal interest, it is hereby ordered that the penal interest on all past Government loans to Karnataka Electricity Board in respect of which interest/loan instalment payable had not been paid in full on or before the last date of the financial year or on such prior date specifically prescribed by Government shall be paid at 4% per annum on the full amount of the outstanding loan during the year.

2. Karnataka Electricity Board is further directed to furnish a full statement of interest due /paid during each year and penal interest due under these orders and paid if any, in respect of each loan, denoting the loans in respect of which arrears of interest had been capitalised in the past.

PREAMBLE :—

In Government Order read at (1) above, Government had issued uniform rules for the award of Pre matric/post matric Scholarships to Scheduled Castes and Scheduled Tribes in the State.

The Director of Social Welfare, has stated that many representations have been received by him for revising the rate of maintenance allowance given under State Post-matric Scholarships from Rs 30 to Rs 50 per month as the students are not able to maintain and bear the heavy expenditure towards the purchase of books and other equipments for their study out of the maintenance allowance now given. Moreover, the students who are awarded state Post-matric Scholarships are not eligible for extra-boarding and lodging charges, if they stay in general hostels unlike the students who are in receipt of Government of India Scholarships. After examining all the aspects like increasing in the cost of living etc., he recommends that it is necessary to enhance the rates as indicated below:—

1.	General Courses upto Graduate level ...	Rs. 40 per month for 10 months
2.	M. A., M. Sc., M. Com., B. L., LL. M., B.A. (Hons) B. Sc., (Hons) ...	Rs. 50 per month for 10 months
3.	Degree Courses in Medicines/Engineering/ Agriculture, Veterinary Sciences ...	Rs. 75 per month for 10 months

ORDER No. SWL 117 SEW 78 BANGALORE DATED 30TH DECEMBER 1978.

The Proposal made by the Director of Social Welfare is approved

2. The following clause shall be substituted as clause (a) and (c) for the existing clauses (1), (2) and (3) of rule 5 in Annexure-II to Government Order No. PHS 147 SEW 66, dated 8th May 1969.

(a)	General Courses upto Graduate level ...	Rs. 40 per month, for 10 months

(c)	Degree Courses in Medicine/Engineering Agriculture/Veterinary Science ...	Rs. 75 per month for 10 months

The extra expenditure on account of revision of the rates would amount to Rs. 2 lakhs (Rupees Two Lakhs) approximately and it will be met out of the overall savings under non-plan Schems

In the Government Order cited (1) above, the Mysore Zoo which was under the control of the Horticulture Department was placed under the administrative control of the Forest Department, as it was considered incongruous to keep it under the former Department and after examining in detail the arrangements existing in other States as Well.

The question of separating the Zoo from the administrative control of the Forest Department to function separately as a Minor Department or to set up an independent organisation such as a Society registered under Registration of Societies Act to be designated as the "Zoo Authority of Karnataka" was under the consideration of Government for some time past, in the context of deaths of several valuable animals which occurred in the Zoo. With this end in view and after examining the matter in all its aspects with reference to the proposals made by the Committee of officers in this behalf that there should be an independent organisation to deal with the establishment and maintenance of Zoos in the State, the Government have now decided that a Society registered under the registration of Societies Act and designated as "The Zoo Authority of Karnataka" should be set up to look after the Mysore Zoo as also all the other Zoos existing in the State.

After the Society is formed they may be deputed to the Society until such time as the Society is able to build up its own staff The Chief Conservator of Forests (Development) may submit suitable proposals in this behalf.

4. To enable the Authority to incur expenditure on Registration, Animal food, pay and allowances of the staff for the remaining period of the financial year etc., a sum of Rs. 2 50 lakhs is placed at the disposal of the Authority. 3. Correspondence resting with the letter No CDR (P)/SH-RM/78-79 dated 21st December 1978 of the Chief Engineer, Communications and Buildings, Bangalore.

PREAMBLE:—

In the Government Order No. PWD 56 CSR 73 dated 5th July 1975, 46 roads have been declared as State Highways. Further, in the Government Order No. PWD 362 CRS 76 dated 7th July 1976, the road between Huliyar and Anagodu via Hosadurga, Holalkere has been declared as State Highway No. 19 (A).

The Chief Engineer (C and B) *vide* his letter referred at (3) above, has stated that the road connecting Padubidri with Kotigehar via Karkala-Bajagoli-Malleshwara-Kalasa and Magundi for a length of 154 6 KMs satisfies the criteria laid down for declaring roads as State Highways, as it connects National Highway 17 with the State Highway 25 and 64 and forms an important arterial link route from the Western Coastal area to the interior of the State. Hence the Chief Engineer (C and B) has forwarded a proposal for declaring the above road as State Highway assigning the number 66 to it.

The Chief Engineer (C and B) has informed that the total financial implications based on repair grant of Rs. 4,500 per K. M. sanctioned in the Government Order No. PWD. 49 CSR 73 dated 13th June 1973 for State Highways works out to Rs 6,95,700 for a a length of 154. 6 K.M. The existing grants for the different existing standards at the rates sanctioned in the above Government Order amounts to Rs. 2,29,400. By deducting this existing grant, the net financial implication by declaring this stretch of road as State Highway would result in an additional expenditure of Rs. 4,69,300/-per year by way of maintenance grants and this year the abave ezpenditure will be ment out of the existing allotted grants.

GOVERNMENT ORDER No. PWD 401 CSR 78 BANGALORE, DATED THE 23RD JANUARY 1979.

Government are pleased to declare the road connecting Padubidri with Kotigehar *via* Karkala-Bajagoli-Malleswara Kalasa Magundi and stretching over a length of 154.6 KMs as State Highway, assigning it the number " State Highway No. 66 ".

Filling up of posts after upgradation.

CIRCULAR

No. DPAR 55 SCR 78 BANGALORE, DATED THE 8TH MARCH 1979

Whenever all posts in a certain class are converted into posts in a higher class, the persons who were holding the posts in such lower class would automatically continue to hold the posts even after such upgradation if the duties and responsibilities do not change, irrespective of the fact whether the pay scales of such posts are enhanced or not. If, on the other hand, upgradation under these circumstances is limited to certain posts in that cadre and not the entire cadre and/or if holders of all such upgraded posts are not the seniormost persons, the upgraded posts will have to be filled by separately promoting persons in the cadre under normal rules as also general orders relating to reservations. If on such upgradation or amalgamation non-gazetted posts become gazetted ones, it is necessary, in keeping with the provision under Rule 8 (20) of the Karnataka Civil Services Rules, to issue notification appointing the persons to such gazetted posts after upgradation.

2. There would, however, be occasions when certain posts are upgraded and higher responsibilties and higher duties are attached to them after they are so upgraded. In such cases the persons neither automatically continue to hold the upgraded posts nor are they eligible to be formally appointed to such upgraded posts. In such cases, the incumbants would have to be considered on the merits of each case for promotion to the upgraded posts. Only after determining eligibility as also suitability of the concerned officers for holding the upgraded posts in accordance with the rules of recruitment (in the absence of rules of recruitment for such cadre, in accordance with the provision in the executive order) they have to be appointed to the upgraded posts. Consultation with the Public Service Commission, would also be necessary if such consultation is necessary. Orders regarding reservations would also apply in such cases. During the period intervening between the date of upgradation and the date of filling the posts in the manner as aforesaid, the persons would have to be treated as being in independent charge of the upgraded posts and would be eligible for charge allowance in accordance with the provision under Rules 32 and 68 of the Karnataka Civil Services Rules.

Enquiry in respect of alteratfon of date of birth of Sri B. H. Benakatti, Lecturer in Chemistry, Government College, Kolar and now working at Government Science College, Bangalore-Issue of Orders-regarding.

READ :

1. Correspondence ending with letter No. DCE/7-NET/75-76 dated 26th July 1978 from the Director of Collegiate Education, Bangalore.

2. Enquiry report No. DDB. ENQ. Case No. 314/75 dated 5th February 1979 from the Solicitor & Ex-Officio Deputy Secretary to Government, Department of Law & Parliamentary Affairs and Enquiry Officer.

PREAMBLE :

Sri B H. Benakatti, Lecturer in Chemistry, Government College, Kolar, now working at Goverment Science College, Bangalore, appealed to Government stating that his date of birth as entered in the Service Register (i. e.) 5th June 1931 is not correct and that the same has to be corrected as 24th November 1932. His Appeal was examined under the provisions of Karnataka State Servants (Determination of Age) Act, 1974. The Enquiry Officer as per the provisions of the above Act, conducted a detailed enquiry on the appeal petition of Sri B. H. Benakatti In the course of the examination, the enquiry Officer has found that there are horoscopes of the petitioner's brothers and sisters but this witness has not chosen to produce those documents, so as to probabalise his case. The petitioner has made a statement that the Birth Register extract is not available in the Taluk Office or the Panchayat who has not taken any endorsement from the authorities saying the non entry of his date of birth in Birth Register. So the bald interested testimoney given by the petitioner does not infuse confidence. As a matter of fact the S·S C. Marks Card available in the Court reveals that his date of birth is 5th June 1931. The horoscope available does not bear either the signature of the Author or the date of writing. The applicant does not show whether this document has come into existence contemporarily with his birth. Even the affidavit produced herein cannot be relied upon as it is self-interested document. The authorities who entered his date of birth as 24th November 1932 appear to have gone much into the matter and therefore the Enquiry Officer felt that the Principal of the Government College Kolar has rightly altered his date of birth as 5th June 1931 on the strength of the S. S. C. Cetificate which is the oldest document available in the record. No other papers are available to prove and establish that he was born on 24th November 1932. Even the official has not chosen to examine any of his elder members of his village in corraboration to his testimony. Both oral and documentary adduced by him are self-interested and no legal value could be assigned to it. Hence, the application for correction of alteration of his date of birth as 24th November 1932 is liable to be rejected holding that the applicant has placed no satisfactory and sufficient evidence to establish that he was born on 24th Novemter 1932 and not on 5th June 1931. The Enquiry Officier has finally recommended that the application may be rejected.

ORDER No. ED 207 DCE 75 BANGALORE, DATED 20TH MARCH 1979

The Government of Karnataka have considered the report of the Enquiry Officer and are pleased to accept the advice of the said Enquiry Officer and direct that the application of Sri B. H. Benakatti, Lecturer in Chemistry, Government Science College, Bangalore, for correcting his date of birth as 24th November 1932 is rejected.

Exemption of payment of 10 per cent contribution on the cost of machineries of NRWS Scheme orders reg.—

READ :—

1 G. O. No. RDC 745 VRW 78 dated 21st November 1978.
2 Letter No. PHE/RHP/Defunct Sch/78-79 dated 7th December 1978 from the Chief Engineer, MI & PHE, (South), Bangalore.

PREAMBLE :—

In the G. O. cited at (1) above, it is ordered that 10% contribution which was hitherto being recovered on piped water supply schemes towards capital investment should be allotted for effecting repairs to the piped water supply schemes and that the 10 per cent contribution so paid by a Localbody will entitle them for all repairs to be effected to the water supply installations for a period of 5 years. It is also ordered that this arrangement will be for all new Schemes to be sanctioned and on ongoing schemes. Further it is ordered that in regard to old water supply schemes which have already been commissioned and are functioning, the local bodies concerned sholud be given the option of attending to the repairs of water supply installations themselves or they will have to pay a lumpsum amount of 10 per cent of the cost of the machinery and all repairs of the water supply schemes portaining to such local bodies will be attended to by the PHE Department for a further period of 5 years. The excessive expenditure over and above the 10 per cent contribution during the period of 5 years being met by the Government.

The Chief Engineer, MI & PHE. (South), Bangalore has stated in his letter cited at (2) above that there are a large number of defunct water supply schemes which have to be repaired immediately to bring them back to working condition. He has stated that the conditions imposed in the G. O. cited at (1) above that 10 per cent of the cost of machinery as per the rates prevailing at the time of effecting repairs will have to be got credited in respect of old water supply schemes for taking up repairs to such schemes for 5 years and this would discriminate from the new water supply schemes that are commissioned subsequent to the date of issue of the G. O. and hence the Government should withdraw the condition regarding the recovery of 10 per cent cost on the machinery in respect of the water supply schemes whether it is old or new, so that all the defunct water supply schemes can be repaired immediately and put into working condition.

ORDER No. RDC 885 VRW 78, BANGALORE DATED THE 19TH MARCH 1979

Government have examined the issue regarding recovery of 10 per cent contr bution on the cost of machinery in respect of the old water supply scheme commissioned prior to the issue of G. O. No. RDC 543 VRW 75 dated 30th August 1975 and hereby order that in the equity of justice, no recovery of further contribution on the cost of the mechinery should be recovered from the Village Panchayats/TPCs towards the old as well as new piped water supply schemes when once the 10 per cent contribution of the original estimated cost of the scheme is recovered.

This order will apply only to the schemes that are to be repaired subsequent to the date of issue of this G. O.

EDUCATION AND YOUTH SERVICES SECRETARIAT

Redesignation of the Directorate of Youth Services as the Directorate of Youth Services and Sports - Absorption of the staff working in the Karnataka Sports Council in the Directorate of Youth Services and Sports.

PREAMBLE:—

The Karnataka State Sports Council has been in existence since the year 1957. The Sports Council is a body created by an order of the Government and it is reconstituted periodically by Government. The Staff of the Sport Council consists of those who are on deputation from other Departments, like the Department of Public Instruction, Directorate of Collegiate Education, State Accounts Department and the Youth Services Department and also the staff appointed by the Karnataka State Sports Council. The vacancies on administration side like Assistant Secretary Accounts Officer, first Division Clerks etc., are being filled up by deputation from other Departments. The coaching staff have been appointed (except two coaches on deputation from the Department of Public Instruction) by the Sports Council itself. The total office staff are 12 including peons and a Driver. The coaching staff strength is 40 including Markers; Ground-man etc

The employees appointed by the Karnataka State Sports Council, some of whom have been working since 1965, are deprived of regular service benefits admissible to Govt. officials. Most of the coaches, Markers and Peons who have served the Sports Council for ten years or more are not yet confirmed or given any service benefits, such as, Provident Fund or pension. The coaches appointed by the Sports Council are trained coaches and some of them have done good work for the improvement of sports. Unless employees are absorbed in the Youth Services Department by creating posts they will have no sense of security nor will they get any service benefits.

The President, State Coaches Association, Bangalore has represented that the State Government is promoting games and sports activities to raise the standard of sports in the State to meet the challenge of the international standard. Our State coaches have not lagged behind and large number of National and International sports men and women and products of this State. He further states that these coaches and Class IV employees of the Sports Council are working since the last 15 years without any service conditions and benefits. In his opinion, the absorption of these few coaches and class IV employees in the Youth Services Department will not be a burden to the Government as the Govt. are paying cent per cent grants to the Sports Council. He has therefore requested to absorb the staff of the Council in the Youth Services Department.

ORDER No. ED 288 EPE 75, BANGALORE DATED 28TH MARCH 1979.

After careful consideration, Government hereby order that the Directorate of Youth Services be re-designated as the Directorate of Youth Services and Sports and the following staff working at present in the Karnataka Sports Council be absorbed in the new Department of Youth Services and Sports with the following posts pending approval of C and R Rules.

(i) G.O. No. FD 6 SRP 78, dated 28th December 1978.
(ii) G.O. No. FD 6 SRP 78, dated 5th January 1979.

According to para 3 B(v) of G.O. No. FD 6 SRP 78, dated 28th December 1978, a Government employee and his family may travel by any route or halt anywhere, on the way to or from the place of visit but Government's liability for the expenses incurred on the journey shall be restricted to the fare by the shortest route calculated on a through ticket basis.

2. The Accountant General has stated that occasions may arise wherein a Government employee has to travel by rail in different classes of accommodation, whenever the Government employee prefers to travel by a longer route. He has requested that Government may issue orders regarding the admissibility of fare by shortest route in such cases.

ORDER No. FD 6 SRP 78, BANGALORE, DATED THE 11TH APRIL 1979.

Government are pleased to direct that when a Government employee performs the journey by a longer route (which is not the cheapest) in two different classes of railway accommodation for example, partly by I Class to which he is entitled and partly by II Class, the entitled class rate will be admissible for the corresponding proportion of the shortest or the cheapest route and the lower class rate for remaining mileage by such route.

For Example.

If the total distance by the longer route is 1760 Kms. and that by the shortest route is 1,600 Kms. and if the Government servant concerned has travelled the initial 1280 Kms. by II Class and the remaining 480 Kms. by I Class, Government's share of reimbursement of the expenditure incurred in this case would be as follows:

(*i*) *Mileage for which II Class fare will be admissible*

$$\frac{\text{Distance actually travelled by II Class}}{\text{Total distance by the longer route}} \times \text{Total distance by the shortest route} \times = \frac{1280 \times 1600}{1760} = 1164 \text{ Kms.}$$

(*ii*) *Mileage for which I Class fare will be admissible*

$$\frac{\text{Distance actually travelled by I Class}}{\text{Total distance by the longer route}} \times \text{Total distance by the shortest route} = \frac{480 \times 1600}{1760} = 436 \text{ Kms.}$$

II Class fare for 1164 Kms.
I Class fare for 436 Kms.

Sub :**Agricultural Extension Project in Karnataka with the assistance of the World Bank—Implementation of—**

ORDER No.AAH 229 AML 77 ; BANGALORE DATED 22nd-26TH MARCH 1979

PREAMBLE :

The fact that agriculture has been the most predominant activity in India and also in this State needs no reiteration. It is also a fact that the per capita income of the State has been steadily rising. Production of foodgrains has also registered an impressive increase. The total production of foodgrains in 1975–76 was of the order of about 70 lakh tonnes and during the current year it is expected to reach arecor d level of about 75 lakh tonnes as against 35.39 lakh tonnes during 1965–66. Such an overall improvement in the agricultural economy has been due not only to larger extent of land being used for agricultural production but also due to systematic transfer of advanced technology from Scientific Institutions and Research Establishments to the field. Introduction of hybrids and high yielding varieties has contributed to better yields. These dev lopments have been largely due to the existence of a well organised agricultural extension service as part of the Community Development Programme.

The system of having a multipurpose Village Level Worker called as Gramasevak (Agricultural Assistant) was brought into practice as early as 1952. The Gramasevak is expected to be the main instrument to impart knowledge of modern technology in agriculture and allied fields to the farmer so that the latter could make use of all the available resources in the best manner possible. While by and large, such a multi-purpose worker guided by staff from various departments of the Government has functioned staisfactorily and has shown results, because of the fact that he has to handle very large number of subjects, his efforts as far as agricultural extension is concerned get diluted. A majority of farmers have thus been left out without any exposure to modern method of agriculture. To this extent the idea of having a multipurpose worker has led to the dilution of efforts in respect of many fruitful areas where better achievements are possible. Experience has shown that Gramasevak's knowledge remains limited to what he had been taught during his training and to what could be passed on to him by his superiors. There is at present no organised system to keep the gramsevak apprised of fresh knowledge as it accumulates

Linkage between the field level extension service and the Research Institutions has also not been properly organised. As a result, while the Reserach Establishments do not have adequate feed back from the field, the new developments in technology do not also percolate to the field adequately and rapidly. Organisationally also there are certain deficiencies.

Thus, while so far the existing extension system has functioned fairly satisfactorily, the new developments in technology and the need to intensify agriculture in its various aspects has made it necessary to take a second look at the present system and replace it with a more scientific pattern where the gramasevak (Agricultural Assistant) is enabled to function more efficiently and be in contact with a smaller number of agriculturists than at present so that his efforts do not get diluted.

For some time past ,Government of India have been giving serious thought to this aspect and based on a new pattern of extension tried out in West Bengal and some other states suggested by Daniel Benor of the World Bank, they have given a new orientation to agrnicultural exetsion.

I—4

On this basis, a project for introduction of revised agricultural extension system in Karnataka was prepared by the Director of Agriculture in consultation with the Government of India and the World Bank which was considered by the State Government. This project received the approval of the Cabinet in its 17th meeting held on 12th September 1978.

Thereafter negotiations for assistance to this project were held in Washington during September–October 1978 by the representatives of the Government of India and the Government of Karnataka with the World Bank. The World Bank cleared the project for assistance and also agreed for retro-active financing with effect from 3rd October 1978 as indicated in the World Bank Report No. 2171 a IN dated 30th November 1978.

As an advance action for implementation of the project the following Government orders have been issued.

(1) Government Order No. PD 220 CAM 75, dated 24th September 1977 sanctioning the new extension service in the command area of Karnataka when the scheme was introduced on a pilot basis in 14 command area taluks.

(2) Government Order No. AAH 229 AML 77 dated 15th September 1978, wherein the administrative control of approximately 75 percent of the village level workers, was transferred to the control of the Director of Agriculture for full time extension work.

(3) Government Order No. AAH 229 AML 77, dated 20th November 1978 according sanction for implementation of the centrally sponsored scheme for strenghtening and re-organisation of extension administration as an advance action for the implementation of the World Bank assisted Project.

(4) Government Order No. AAH 229 AML 77, dated 21st December 1978 wherein Government directed that the new Agricultural Extension Project with the assistance of World Bank shall be deemed to have come into effect from 1st October 1978 and the Director of Agriculture was requested to take immediate action for implementation of the Project.

(5) Order No. AAH 229 AML 77, dated 19th February 1979, ordering that the administrative control of the entire strength of 2,600 Gramasevaks in the State shall vest with the Department of Agriculture in supersession of the order dated 15th September 1978.

The Director of Agriculture, has sent proposals to Government vide his letters No. (i) PLN 43 TAG 78, dated 23rd November 1978 and (ii) PLN 43 TAG 78, dated 8th January 1979. The proposals submitted by the Director of Agriculture are in accordance with the World Bank report No. 2171 a IN dated 30th November 1978.

The total cost of the Project is Rs. 20.58 crores for a period of 5 years. The main components included in this Project are as follows :

Departmental Enquiry against Shri Jayathirtha Rao Bapu, Under Secretary to Government, OOD Deputy Director of Collegiate Education, Bangalore.

(1) Govt. Order No. GAD 21 SGO 76 dated 22nd January 1976.
(2) Govt. Order No. GAD 21 SGO 76 dated 27th April 1976.
(3) Notification No. DPAR 21 SGO 76 dated 9th August 1977.
(4) Letter No. IND. 1/76-77 dated 31st March 1979.

PREAMBLE :

Shri Jayathirtha Rao Bapu, Under Secretary to Government, who was working On Other Duty as Deputy Director of Collegiate Education, Bangalore was placed under suspension by Government Order first read above, on the report from the State Vigilance Commission that the officer was caught red-handed on 16th January 1976 by the staff of the Bureau of Investigation while demanding and accepting illegal gratification of Rs. 300 as part payment of total demand of Rs. 1,000 from Shri S Jayaraj, Typist, Government Science College, Bangalore. Subsequently, by the Government Order dated 27th April 1976 (2nd read above) an enquiry by the State Vigilance Commission was ordered against Shri Jayathirtha Rao Bapu under Rule 14-A of the K.C.S. (Classification, Control and Appeal) Rules, 1957. Pending enquiry, he was reinstated in service by Notification dated 9th August 1977 read at (3) above.

The Vigilance Commissioner nominated the Director of Vigilance as the Enquiry Officer to frame charges and to conduct the enquiry against Shri Jayathirtha Rao Bapu. The Inquiry Officer has framed the following article of charge against Shri Jayathirtha Rao Bapu :--

"You Shri Jayathirtha Rao Bapu (now under suspension) while working as Deputy Director of Collegiate Education, Bangalore committed grave official misconduct in as much as you failed to maintain your integrity by misusing your official position for pecuniary benefit by demanding and accepting illegal gratification of Rs. 300 as part payment of the total demand of Rs. 1,000 from one Shri S. Jayaraj, Typist, working in the Government Science College, Bangalore, on 16th April 1976 in your chamber for giving effect to Govt. Order No. ED 18 UEC 72 dated 26th June 1974 as clarified by Government letter No. ED 162 UEC 74 dated 16th December 1975 in which certain financial and promotional benefits were extended to Shri S. Jayaraj consequent on his exercising his option for absorption in the Clerical Cadre".

The statement of Imputations of misconduct or misbehaviour in support of the charges was also communicated to the A. G. O. along with the charges. The substance of imputation of misconduct is that Shri Jayathirtha Rao Bapu in order to show official favour to Shri S. Jayaraj, working as Typist in the Government Science College, in getting the consequential benefits accruing on account of change of cadre from that of Typist to II Division Clerk, demanded and accepted an illegal gratification of Rs. 300 on 16th January 1976, after telling Shri Jayaraj that the money had to be paid to Shri B. P. Patil, Deputy Secretary and producing the counter-foil of the cheque The investigation has revealed that on 16th January 1976 when the Deputy Superintendent of Police. Bureau of Investigation, entered the chambers of Shri Jayathirtha Rao Bapu, Deputy Director of Collegiate Education and asked him whether he had received the currency notes of Rs. 300/ from Shri Jayaraj and if so to produce them, he (Shri Jayathirtha Rao Bapu) admitted that he had received the amount from Shri S Jayaraj and that he (Shri Jayaraj) had given them even without his asking him. Thereupon, the Deputy Superintendent of Police asked Shri Jayathirtha Rao Bapu to wash his right and left hand fingers separately in Sodium Carbonate Solution bowls which he did. The solution in both the bowls turned pink. Then Shri Jayathirtha Rao Bapu produced currency notes from the right side inner pocket of his woollen coat and placed them on the table. The currency notes produced consisted of 2 hundred rupees notes and 10 ten rupees currency notes. The numbers of these notes tallied with those in the entrustment mahazar. The inner pocket of Shri Jayathirtha Rao Bapu's coat when dipped in fresh Sodium Carbonate Solution turned pink. It is also seen that Shri Jayathirtha Rao Bapu when asked to produce the Cheque Book, took the same and tore off the counter-foil of a Cheque of Rs. 500/ purported to have been issued to one Shri B. P. Patil, on behalf of Shri Jayathirtha Rao Bapu which had to be reimbursed by the latter. The Cheque book and torn counter-foil which Shri Jayathirtha Rao Bapu tried to destroy were recovered by the Staff of Bureau of Investigation.

With regard to the article of charge framed against him, Shri Jayathirtha Rao Bapu has put-forth the following defence.

(i) Shri Jayaraj, approached him on 16th January 1976 at about 1.00 p. m. and offered Rs. 300/- when Shri Jayathirtha Rao Bapu pushed the money with his hands and asked him to take back the money, and then went to the Bath-room for spitting leaving his coat on the chair as he was wont to do. When he returned from the bath-room he found that Shri Jayaraj was not in his Chambers and that the money which was on his table was also missing. After a few minutes, the Deputy Superintendent of Police along with Panchayatdars and Shri Jayaraj entered his chambers and asked him whether he had received money from Shri Jayaraj. He was stunned, surprised, and flabbergasted at the suggestion of the Deputy Superintendent of Police and he placed his left hand in the inside right side coat pocket to findout whether really ther money had been planted inside the coat pocket. Though he was not willing, under compulsion of the Deputy Superintendent of Police, he took out the money from his pocket and handed over the Deputy Superintendent of Police.

(ii) The entry of the name of Shri B. P. Patil found on the counter-foil of the cheque relates to the transaction he had with his friend, one Shri B. P. Siddalingaiah of Bijjahalli Village, Kanakapura Taluk, who is called Patil in his house.

The Inquiry Officer, conducted the enquiry and after analysing the oral and documentary evidences produced by the Disciplinary Authority and the A. G. O. has come to the conclusion that the charge framed against the A. G. O. is proved for the following reasons :—

(i) The A. G. O. was in a position to confer official favour on Shri Jayaraj.

(ii) The A. G. O. in his statement given immediately after incident in the presence of Panchayatdars has admitted to having received the money from Shri S. Jayaraj.

(iii) The plea of the A. G. O. that money was planted in his coat pocket when he was away for a few seconds in the bath-room is an after thought and cannot be believed.

(iv The fact that he tried to destroy the counter-foil of the cheque book lends support to the version of Shri Jayaraj that to strengthen his case for extracting illegal gratification, the A. G. O. had shown the counter-foil to Shri Jayaraj that on his behalf, the A. G. O. has already paid Rs. 500 to Shri B. P. Patil.

The Vigilance Commissioner, while forwarding the report of the Enquiry Officer, has recommended acceptance of the findings of the Inquiry Officer.

Government after due examination of all the connected records and the report of the Inquiry Officer and the recommendations of the Vigilance Commissioner have come to the conclusion that the charge framed against the officer is proved for the following reasons :—

(1) The fact of acceptance of money by the A. G. O. is clearly proved by the phenolpthalein test and the money in the currency notes which tallied with the numbers indicated in the entrustment mahazar was found on his person.

(2) The plea of the officer that the money was planted in his coat pocket which was not mentioned in the earlier statement is only an after thought.

(3) The fact that he tried to tear up the counterfoil of the cheque book clearly indicates an attempt on his part to destroy the evidence in his case thus establishing the guilt.

Clarification regarding Departmental Examinations

OFFICIAL MEMORANDUM

No. DPAR 68 SSR 76, BANGALORE, DATED THE 8TH MAY 1979

The Accountant General has sought clarification on certain points with regard to the admissibility of additional increment under Rule 6 of the Karnataka Civil Services (Service and Kannada Language Examinations) Rules, 1974. The points raised by him are extracted below :

(i) "This office has come across a case where the Government Servant has not been given the advance increment in a post for the reasons that no service examination has been prescribed for the post and when such a Government Servant consequent on his promotion to a higher post, retains the lower Scale of pay under rule 42 (b) (2) of Karnataka Civil Service Rules till the date of next increment, it is presumed that the advance increment if admissible in the higher post should be released from the date from which he draws pay in the higher scale. This presumption may please be confirmed to deal with the cases of the type cited above".

(ii) "It is presumed that if a local candidate who had passed the prescribed examination is regularly appointed to a post, he would be entitled to the advance increments from the date of such regular appointment."

(iii) "It is seen that in some departments Examinations prescribed for both the higher and the lower posts are the same. (For instance in K.A.S. Senior and Junior Class I Posts ; Shirestedars and Ist Division Clerks in the Revenue Department ; Head Clerks and Ist Division Clerks in the Land Records Department, ACTOs, CTOs, and Assistant Commissioners in the Commercial Taxes Department). In these and similar cases it is presumed that only one advance increment would be admitted in the entire service according to the Proviso to Rule 6 and the Officers would not be entitled to advance increments in respect of each post."

(iv) "It is presumed that in such cases the entitlement of advance increments would have to be decided with reference to the facts on the date of passing the examination and the officer would not have any option to get the advance increments in whichever post he chooses. For instance, if an officer has passed all the examinations as Ist Division Clerk and if he is not eligible for advance increments as he has reached the maximum, he cannot choose to get it when he is appointed as a Sheristedar. This may please be confirmed."

(v) "According to Rule 6 (1) (b) as introduced in the amendment Rule cited above advance increment is admissible from the date of passing the last of such examinations if he passes these subsequent to the date of examinations. It is presumed that the date of passing of the last of such examinations is to be determined in accordance with the provisions of Note 3 to Rule 53 (a) of Karnataka Civil Service Rules. This may also please be confirmed."

The points raised by the Accountant General are clarified as under :—

Point : (i) The presumption of Accountant General is confirmed.

Point : (ii) A Local candidate appointed regularly will be eligible to get the additional increment from the date he is appointed regularly if he has, on that date, passed the Kannada Language Examination and the prescribed examinations.

Point : (iii) and (iv) The officers are entitled to the additional increment only once in their entire service. Hence, increments cannot be allowed in both the Higher and the Lower posts. The entitlement of advance increment should be decided with reference to the facts on the date of passing the examination and the Government Servants have no option to get the advance increments in whichever post they choose. In the case mentioned by Accountant General at item No. (iv) if the officer has passed all the examinations prescribed for the post of Ist Division Clerk and if he has reached the maximum of the pay scale of the post of Ist Division Clerk, he would be entitled to one additional increment at the rate corresponding to his position in the time scale of I Division Clerk *i.e.*, the value of the last increment drawn where he has reached the maximum of the time scale.

Point : (v) The date of passing the examination should be determined in accordance with the provisions of Note – 3 below Rule 53 (a) of the K.C.S.Rs.

The above clarifications may please be noted for guidance by all the concerned authorities.

7. Government Order No. DPAR 35 SBC 78 dated 4-10-1978
8. Government Order No. SWL 273 BCA 78 dated 27-3-1979.

PREAMBLE :

The Government of Karnataka broadly accepted the recommendations made by the Karnataka Backward Classes Commission under the Chairmanship of Shri L. G. Havanur and classified the other Backward Classes of Citizens for the purposes of Articles 15 (4) and 16 (4) of the Constitution of India into three main categories, namely : 'Backward Communities', 'Backward Castes' and 'Backward Tribes' and issued in Government Order No. SWL 12 TBS 77 dated 22nd February 1977 read at 1 above specifying the various castes and communities included within the said three categories. The extent of reservation provided therein for "Other Backward Classes" of Citizens and the 'Special Group' is as follows :

(a)	Backward Communities	...	20%
(b)	Backward Castes	...	10%
(c)	Backward Tribes	...	5%
(d)	Special Group	...	5%

This reservation is in addition to the reservation of 15% for Scheduled Castes and 3% for Scheduled Tribes.

2. Basing on the above said Government Order dated 22nd February 1977 the Department of Personnel and Administrative Reforms issued an order dated 4th March 1977 read at 2 above providing reservations in appointments and posts in the State Civil Services. Similarly, some other Secretariat Departments, namely : Education and Youth Services Department. Health and Family Welfare Department and Commerce and Industries Department have also issued orders providing for reservations to 'Other Backward Classes' of Citizens for admissions to educational nstitutions, etc.

3. The validity of the aforesaid Government Orders dated 22nd February 1977 read at 1 above and 4th March 1977 read at 2 above were challenged in the High Court of Karnataka in

writ petition No. 4371/77 and other connected cases and the High Court has recently passed final orders to the following effect, namely :

(a) The Arasu (Urs) Community be deleted from the list of Backward Classes of Citizens under Article 15 (4) and Article 16 (4) of the Constitution of India ;

(b) Six communities under the category of Backward Communities, namely, Balija, Devadiga, Ganiga, Nayinda, Rajput and Satani be deleted from the list of Backward Classes of Citizens under Article 16 (4) of the Constitution ;

(c) The reservation of 20% under Article 16 (4) of the constitution for 'Backward Communities' is quashed ;

(d) The percentage of reservation under Article 16 (4) of the Constitution for 'Backward Communities' be re-determined having regard to the deletion of the above said seven Communities from the category of 'Backward Communities' and the total population of all the Communities included in the category of 'Backward Communities' and whose income is less than Rs. 10,000/- per year ;

(e) The 'Backward Castes', namely : Banna, Gurkha, Jat, Konga, Kotari, Koyava, Malayali, Maniyani or Munivani, Padarthi, Padiyar, Pandavakulam, Raval and Rawat be deleted from the list of 'Backward Castes' under Article 16 (4).

4. In the light of the said decision of the High Court as also the Scheduled Castes and Scheduled Tribes Orders (Amendment) Act, 1976 (Central Act 108 of 1976), it is necessary to suitably revise the G.O. No. SWL 12 TBS 77 dated 22nd February 1977.

5. As the population of Arasu Community is negligible *i.e.*, only 0.07% of the total population of the State, the percentage of reservation for 'Backward Communities' under Article 15 (4) needs no modification.

6. On account of deletion of the aforesaid seven communities from the list 'Backward Communities' and as the population of the said seven communities is about 2.83 per cent of the total population of the State, reservation under Article 16 (4) of the Constitution for 'Backward Communities' needs revision.

ORDER NO. SWL 123 BCA 79, BANGALORE DATED 1ST MAY 1979.

Accordingly, after considering all aspects of the case, the judgement of the High Court and the Central Act 108 of 1976, it is hereby directed that the G.O. No. SWL 12 TBS 77 dated 22nd February 1977 be modified to the extent specified below :

(a) Subject to the orders issued from time to time regarding the income limit, the list of 'Other Backward Classes of Citizens' under Article 15 (4) and Article 16 (4) of the Constitution shall be as specified in Annexure-I and Annexure-II respectively to this order ;

REF.—1. G.O. No. FD 11 SRP 78 dated 20th April 1978.
2. G.O. No. FD 31 SRP 79 dated 30th April 1979.

OFFICIAL MEMORANDUM

No. FD 31 SRP 79, BANGALORE, DATED THE 23RD MAY 1979.

2. It has come to the notice of the Government that the stepping up of basic pay of the senior Government servant and grant of an additional increment to him in the revised scale of pay for passing the prescribed departmental examinations have in, some cases, lead to an anamolous position resulting in a chain reaction in which Government servants senior to the Government servant whose pay is stepped up have come to draw less pay.

3. The basic consideration for stepping up of pay of a senior Government servant promoted prior to 1st January 1977 to that of a junior Government servant promoted on or after 1st January 1977 is that whether the senior Government servant whould have, but for his promotion to the next higher grade, drawn same or more pay than the junior Government servant on 1st January 1977.

4. It is hereby clarified that the benefit of the stepping up of basic pay of a senior Government servant promoted prior to 1st January 1977 to that of a junior Government servant promoted on or after 1st January 1977 will be admissible only in those cases where the senior Government servant would have, but for his promotion drawn same or more pay than the junior Government servant on 1st January 1977, subject to the other conditions stipulated in the G.O. No FD 11 SRP 78, dated 20th April 1978 and G.O. No. FD 31 SRP 79, dated 30th April 1979.

5. The Secretaries to Government and the Heads of Departments are requested to review, wherever necessary, the orders already issued in this regard in the light of the above clarification.

IMPORTANT GOVERNMENT ORDERS

FINANCE SECRETARIAT

Government employees on foreign service Regulation of payment of remuneration under rule 425 of Karnataka Civil Services Rules-Clarification regarding.

OFFICIAL MEMORANDUM

ORDER No. FD 27 SRS 79 BANGALORE DATED 26TH APRIL 1979

According to the instructions under rule 125 of Karnataka Civil Services Rules issued in O. M. No. FD 223 SRS 71 dated 18th November 1971 as modified in Government Order No. FD 30 SRS 78 dated 2nd June 1978, a Government servant, deputed to foreign service has the option to get his pay fixed in the deputation post under the normal rules of fixation such that the fixation should not result in increasing his basic pay under Government by 15% of such pay. In the context of complying with the above instructions the following doubts have been felt,—

(a) whether the term 'basic pay' includes special pay which a Government servant was drawing before his transfer to the foreign service ; and

(b) whether an exercising the option, the pay of a Government servant could be so fixed in the scale of pay of the foreign service post as to ensure an increase of 15% in his basic pay in Government service.

It is hereby clarified as follows :—

(a) The term basic pay refers to pay in the time scale of the post held by a Government servant under Government, and cannot, for purposes of the above instructions be construed to include special pay and similar items of remuneration.

(b) A deputation is in the nature of a transfer of a Government servant to an equivalent post and would, under normal rules of fixation not entail any increase in the basic pay in the time scale of the post under the Government, unless the minimum of the scale of pay of the post in foreign service is higher than the basic pay drawn by Government concerned in which case his pay has necessarily to be fixed at such minimum. The intention underlying the above instructions is that increase on account of such fixation should not exceed 15% of the basic pay in the time scale applicable to him under the Government. It is therefore not correct to fix the pay of a Government servant selecting the foreign service scale, at such higher stage as to ensure an increase of 15% over his basic pay in Government service.

Development of Kannada—Scheme of grant of incentive stipends to Government officials passing Kannada Typewriting Shorthand Examinations-modified orders in the matter of-Issued.

READ :—

(i) Government Order No. FD 41 SRP (2) 74-Part-I, dated 7th February 1975.
(ii) Government Order No. FD 29 SRP 78, dated 12th April 1978.
(iii) Government Order No. ED 16 MDK 78, dated 6th July 1978.
(iv) Lstter No. DKC 39 (A) DOK 78/6305 dated 20th February 1979. from the Director of Kannada and Culture, Bangalore.

PREAMBLE :—

In Government Order dated 7th February 1975 read at (i) above, Government sanctioned grant of lumpsum incentive awards to Stenographers/Typists in Government offices passing Kannada Typewriting/Shorthand Examinations. Subsequently, in the Government Order dated 12th April 1978 read at (ii) above Government withdrew the orders issued in Government Order dated 7th February 197 read at (i) above and directed that English typists/Stenographers passing Examinations in Kannada Typewriting/Shorthand may draw incentive stipends as per scheme approved each year under the Programme of Development of Kannada. The Government Order dated 6th July 1978 read at (iii) above incorporates the scheme of grant of incentive stipends to Government Officials pasaing Kannada Typewriting/Shorthand Examinations during 1978-79.

2. One of the schemes approved under the Programme of Development of Kannada as Official Language each year is grant of incentive stipends to Government Officials who pass Kannada Typewriting/Shorthand Examinations during a particular year. The stipends sanctioned are at the lumpsum rate of Rs 300 each to those officials who pass Junior Grade Kannada Typewriting or Junior Grade Shorthand Examination and at the lumpsum rate of Rs/500 each to those Government officials who pass Senior Grade Kannada Typewriting or Senior Grade Shorthand Examination in a particular year. The grant of such stipends is thus restricted to those Government Officials who pass such Examinations during a particular year only.

3. There have been representations from Government Officials who have passed such examinations earlier, but could not draw these stipends under the Programme of Development of Kannada as under that programme, grant of such stipends was restricted to only those who passed such examinations in that particular year only.

4. The principle underlying the grant of incentive stipends to Government Officials acquiring Kannada Typewriting Shorthand qualifications each year is to encourage as many Government Officials as possible to learn Kannada Typewriting and Shorthand so that all correspondence could be done in Kannada as early as possible. It is, therefore, considered that there need not be any restriction as regards the year of passing for grant of such incentives. In fact, if any Government Official has passed such examination much earlier it only goes to indicate his love for Kannada in as much as he made efforts to acquire Kannada Typewriting and Shorthand qualifications when there were no incentives for acquiring such qualifications. Government have therefore examined the matter carefully and decided that the benefit of grant of incentive stipends may be made available to all Government Officials irrespective of the year in which they passed such examinations.

ORDER NO. ED 7 MDK 79, BANGALORE, DATED 2ND MAY 1979.

Government are pleased to direct that all Goverement Officials who pass Kannada Typewriting/Shorthand examinations may be given incentive stipends under the programme of Development of Kannada at the rates indicated below irrespective of the year of their passing such examinations provided they have not already drawn such incentives either under the Programme of Development of Kannada approved each year or under Government Order No FD 41 SRP (2)/74-Part-I dated 7th February 1975 till it was withdrawn from 1st April 1978 :

(i) At Rs. 300 each to those Government Officials who pass Junior Grade Kannada Typewriting or Junior Grade Kannada Shorthand examination.

(ii) At Rs. 500 each to those Government Officials who pass Senior Grade Kannada Typewriting or Senior Grade Kannada Shorthand examination.

2. The Director of Kannada and Culture is authorised to sanction these incentive stipends.

3. The expenditure on this account is debitable to the head "278 Art & Culture-3 XIII Development of Kannada-Plan".

PLANNING SECRETARIAT

Advance Planning for full utilisation of power that may be generated in the state during 1979-83 and thereafter—constitution of working group for—

PREAMBLE :—

The Sixth Five Year Plan attaches the highest priority to Irrigation and power so as to ensure the growth of State's economy at above 7-7½ per cent with certain structural charges. For the power sector Rs. 680 crores or 27 per cent of the total outlay has been proposed with the prime objective to make the State self-sufficient apart from imparting stability to the power system by having an appropriate mix of the different sources of State. At present, Karnataka has an installed capacity of 65 MW per million population as against 134 MW in Punjab and 123 MW in Haryana. The target for installed capacity in the 1978-83 draft plan is to achieve at least 2300 MW from the current level of 1115 MW. By 1988 this may have to go up to even 4000 MW.

The Central Electricity Authority and the Karnataka Electricity Board estimate that even if the state achieve the targets now set for the installed capacity by 1983 and even thereafter the state is likely to experience a deficit ranging even upto 25 per cent or even more.

The pattern of power consumption envisaged in the perspective planning for 1978-83 is that at least 20–25% of power would be consumed in agricultural sector and the remainder of 75 per cent has to be used in the industrial sector and domestic lighting.

As per the available data about 32 35 per cent of the power generated is being consumed in the industrial sector. The estimates of demand for power and the projected deficit is based on the assumption that the investment visualised in the public and private sector will fully materialise.

Apart from the investment under the Public Sector a very large investment will have to be made in the private sector if the power generated is to be fully utilised, in view of which it is felt necessary to decide as to what type of industries should come up and what should be their spatial distribution, Unless the power generated is utilised to the optimum possibilities of maximising employment will be remote. It is, therefore, necessary that the utilisation of power which is expected to be generated in the State by 1983 or thereafter is planned in such a way as not to leave surpluses and meet the prime objective under which highest priority was attached to power generation under the Sixth Plan.

ORDER No. PD 287 PMM 79, BANGALORE, DATED THE 26TH MAY 1979.

In view of the foregoing circumstances, Government are pleased to constitute a small Working Group consisting of the following, to make a detailed study of the types of Industries that have to come-up in the State and what should be their spatial distribution and to make detailed recommendations regarding planning of investment for the utilisation of the powere generated :—

1. Government Order No. PWD 20 SFP 78, dated 28th February 1978.
2. Letter No. IWT/EST/CR-3 (c)/77-78, dated 4th March 1978 from the Director of Ports and I.W.T , Bangalore.
3. Letter No. IWT/EST/CR-3 (c)/77-78, dated 8th March 1978 from the Director of Ports and I.W.T., Bangalore.

PREAMBLE :—

The question of fixing only one Head Quarters for the Director of Ports and Inland Water Transport (I.W.T.) was under the consideration of Government for some time. At present, the Head Quarters of the I.W.T., Branch is at Bangalore and that of the Ports Branch at Karwar. Consequently, the Director of Ports and I.W.T., has to function from these two places. He and his subordinate staff have to make frequent visits between Karwar and Bangalore. In the Government Order dated 28th February 1978 it was ordered that the I.W.T., office be shifted to Karwar.

The Director of Ports and I.W T., is a State Level Officer having State-wide jurisdiction and there is justification for his head office to be stationed at the State Head Quarters. Karwar is situated in a corner of the State and if the Director is stationed there, the Public would be inconvenienced considerably. It is, therefore, considered desirable that the Head Quarters of both Ports and I. W. T., Branches are at Bangalore in the interest of better administration.

ORDER No. PWD 26 PGL 78, BANGALORE, DATED THE 25TH MAY 1979.

Government are pleased to direct that the Head Quarters of the Ports Branch which is located at Karwar be shifted, with immediate effect to Bangalore, which will be the Head-Quarters of the Directorate of Ports and Inland Water Transport.

This order issued in the Government Order No. PWD 20 SFP 78 dated 28th February 1978 to shift the I. W. T. Branch from Bangalore to Karwar is cancelled.

By Order and in the name of the Governor of Karnataka,

1. Survey of Teacher Training Institutes in respect of the qualitative work Done to Fulfil the objectives of T.C.H. Syllabus.—This Survey was taken up as per the instructions of the then Director of SIF Sri K.P. Surendranath. The quality of instruction in schools depends much upon the quality of teachers in these schools. The quality of teachers very much depends upon the quality of teacher preparation given at the Teacher Training Institutes Hence, if the quality of the instruction should be improved we should see that the efficiency of the teachers should be good. Hence we should see that the work done in the TTIs is done quite effectively. In order to identify the good work in the TTIs the survey was proposed. After compiling the information received from 75 TTIs report was prepared.

2. Survey of Laboratory Facilities Available in TTIs:—The Deputy Directors of Public Instruction for Science Education in the DSERT wanted the Laboratory equipment and other such facilities in the TTIs are inadequate in most of the TTIs. Eventhough the Laboratory equipment is available in some TTIs, these are not properly utilised to make the teacher training programme more effective. Hence, the DDPI. for Science education in DSERT. has suggested that a survey should be taken up to know the Laboratory facilities available and how these are being utilised. This survey would enable us to evolve follow up programmes to strengthen the existing facilities and to utilise these more usefully and effectively. A questionnaire was prepared and sent to all the TTIs in the State to furnish the necessary information.

After scrutinising the filled in forms consolidation work in respect of the 28 Government TTIs and 47 Private TTIs have been completed. The same from other TTIs is awaited.

3. Variation of figures Enrolment Between the Document of 5th Five Year Plan & the III AIE Survey and Preparation of the revised tables in respect of the State Tables:—There was considerable variation in the enrolment figures between documents of the 5th Five Year Plan and as furnished by the III AIE Survey. This discrepancies got set right by correcting the figures of enrolment in classes form I to IV and in classes from V to VII. Consequently the State table Nos. 37, 44, 46 and 48 have been revised. The clarification in this regard has been sent to the Jt. Director (Education Wing) in the Planning Commission, Ministry of Education and Social Welfare, Government of India.

6. EDUCATIONAL TECHNOLOGY CELL 1976-77

Site Project.—The Educational Technology Cell had a very thrilling experience of organising the SITE Project for a full term of one year. This was the first time when a very sophisticated highly powerful and expensive medium like television was put into the field of Education to educate both school going children and rural masses.

So, making use of the vast *infra structure* built for the SITE Project, an unique in-service teachers training programme using multi-media package was adopted. The first phase of the training was conducted in July 1975 during which 3514 primary school teachers were trained under this novel scheme in 317 centres.

The inservice teachers training programme using multi-media package was repeated during July 1976 in 179 centres, of Bijapur, Gulbarga and Raichur Districts in which 3517 teachers were trained in the new techniques of teaching science using 'low cost' or 'no cost' material. Form the reports and feedback received from the Monitors and participants it is learnt that the training programme was useful and teachers expressed their appreciation of the training programme.

After the completion of the Inservice Teachers training programme, a study of the impact of Multi-media package programme was planned in co-operation with the officers of S. I. S. and S. E. U. As a first step, the officers of the Educational Technology toured a few taluks of Bijapur District, observed the lessons given by teachers who were exposed to Multi-media package programme and gave them necessary guidance. Interviews were also held with the teachers about the training programme that they received.

Similar studies were also undertaken in Gulbarga and Raichur districts.

T. V. Programmes.—An exploratory study on the impact of T. V. Programmes on children was undertaken by the Educational Technology Cell during 1976-77. This is a joint study in which the Planner, Producer and the Consumer were involved at all stages. The T.V. programmes of different themes and formats which were telecast earlier were selected for the study. The reaction of the teachers and pupils were collected through questionnaires. The data is being processed and final report will be published. It is hoped that the find ings of this report will be a national document which will help in formulation of National Policy, on Eductional T. V.

The AGO was re-instated in service on compassionate grounds in the Government Order read at (3) above. In its letter read at (4) above, the Vigilance Commission recommended action under Rule 14-A of the K. C S. (CCA) Rules against the AGO in view of the fact that, two of the allegations referred to it for investigation relate to criminal misappropriation of Government money. Accodingly, Government in its order read at (5) above, directed a regular enquiry into the case against the A. G. O. by the Commission in accordance with rule 14-A of the KCS (CCA) Rules, 1957. In its letter read at (6) above, the State Vigilance Commission has forwarded the records of enquiry to Government and have recommended imposition of the major penalty of dismissal from service on the A. G. O. The Karnataka public Service Commission has conveyed its concurrence to the proposed penalty in its letter read at (7) above.

ORDER No. AAH 192 VET 77 BANGALORE DATED THE 18/19TH MAY 1979

The vigilance Commissioner nominated the Assistant Director of Vigilance (1) as the Inquiry Officer to frame charges and to conduct Inquiry against the A. G. O. The Inquiry Officer has framed the following two charges against the AGO :—

Charge-1 :—

Dr. Sukhananda Shetty while working as Assistant Director of Animal Husbandry & Veterinary Services, Regional Poultry Farm, Managlore, on 8th January 1974 received Rs. 310.71 from Shri Monappa Heggade on account of the cost of one load of poultry manure and failed to take into account the said amount and thus misappropriated the said amount of Rs. 310.71.

Charge-2 :—

Dr. Sukhananda Shetty while working as Assistant Director of Animal Husbandry & Veterinary Services, Regional Poultry Farm at Mangalore, on 25th March 1972 received Rs.1098.62 and on 27th March 1972 received Rs.1098.62 from the Block Development Officer, Puttur towards the sale of pullets and cockerels and that you took into account only Rs. 989.38 on each of the two days and thus you have misappropriated Rs. 109.24 in respect of each bill, the total of which comes to Rs. 218.48.

The statement of imputations of mis-conduct in support of the charges was also communicated to the AGO along with the charges. The substance of imputation of mis-conduct relating to charge No. 1 is one of having mis-appropriated a sum of Rs. 310.71. It is proved and admitted by the AGO that he issued a receipt in the name of one Monappa Hegde for having received from him a sum of Rs. 310.71 being a cost of one load of poultry manure supplied to him. The AGO who signed the the receipt for having received the amount in his capacity as Assistant Director. Animal Husbandry & Veterinary Services was bound to account for the same to his master-the Government. But he has not taken into account the said sum of Rs, 310.71.

The imputation or mis-conduct relating to charge No. 2 is as follows.

On 25th March 1972 and on 27th March 1972 the AGO had sold pullets and cockerels to the Block Development Officer, Puttur and had issued two typewritter cash bills each for Rs. 1098.62 to the said B. D. O. The cash bill dated 26th March 1972 bears the number (68) SBK G2 No. 4051 and the cash bill dated 27th March 1972 bears the number (68) S BK G2 4057. But in the carbon copies of the printed cash bills bearing the above said numbers the AGO had made entries for Rs 989.38 in each bill being the sale proceeds of pullets and cockerels sold to the B. D. O. Puttur and the AGO had taken into account only Rs. 989.38 on 25th March 1972 and Rs. 989.38 on 27th March 1972 in the cash book. The AGO instead of issuing the original

printed cash bills to the B. D. O: Puttur in respect of the above two transactions issued type-written cash bills referred to above with a dishonest intension and that the AGO has misappropriated Rs. 109.24 in respect of the bill dated 25th March 1972 and Rs. 109.24 in respect of the bill dated 27th March 1972. The total amount thus misappropriated come to Rs. 218.48.

With regard to the Articles of charges framed against him, the A. G. O. has put forth the following defence :—

Charge 1 :—

The AGO while denying the charge contended that, there was illwill between himself and Shri A. Kenchappa, Clerk and Shri Sadashivarao, Poultry Assistant and that, he had left the entire office management to the said persons and another person by name Thukkoji Rao and that, he (AGO) was acting as per the suggestions of the said officials and that, the said officials bearing a grudge against him have involved him in this case.

Charge 2:—

In respect of this charge, the AGO contended that, Shri Thukkoji Rao prepared the typed bills in triplicate as per the demand of the Block Development Officer, Puttur, and the said typed bills were got signed by the AGO while he was busily engaged. The AGO further contended that. the original cash bills were got signed by him subsequently. The AGO specifically contended that the money in respect of the said bills was collected by Shri Kenchappa.

The Inquiry Officer conducted the enquiry and after analysing the oral and documentary evidences produced before him, has come to the conclusion that, the charges framed against the AGO are proved for the following reasons :—

Charge 1 :—

(1) The AGO has not denied the allegation made against him.

(2) The Disciplinary Authority has produced necessary evidence to prove the charge.

(3) The AGO has clearly admitted that he had received Rs. 310.71 from Sri Monappa Heggade on account of the cost of one load of poultry manure.

(4) No material is brought out in the cross-examination of PW 1 and PW 2 to show that, they have given false evidence.

(5) The documentry evidence on record and the admissions of the AGO in his statement clearly establish that on 8th January 1974 the AGO received Rs. 310.71 from Sri Monappa Heggade on account of the cost of one load of poultry manure and misappropriated the said amount.

Charge—2 :

(1) The two type-written cash bills dated 25th March 1972 and 27th March 1972 are signed by the A G O. as admitted by him.

(2) PW 3, Sri Suresh Shetty, has positively stated that, he paid the said amounts of Rs. 1098.62 on two occasions (on 25th March 1972 and 27th March 1972) to the A G. O. and that, it was the A. G. O. who gave the cash bills to him This evidence has not been seriously challenged in cross-examination.

(3) The evidence of DW 1 does not help the A. G. O. and that of DW 2 is unreliable.

The Vigilance Commissioner, while forwarding the Report of the Inquiry Officer, has agreed with the Inquiry Officer that Charges 1 and 2 against the AGO are fully substantiated. Having regard to the gravity of the criminal mis-conduct of the AGO disclosed therein the Vigilance Commissioner has recommended to the Disciplinary to authority impose the punishment of dismissal on the A. G. O

Government after careful examination of all the connected records and the report of the Inquiry Officer and the recommendation of the Vigilance Commissioner, have come to the conclusion that, the charges framed against the A. G. O. are proved for the following reasons :—

(1) Both the charges framed against the AGO have been proved beyond doubt during the enquiry.

(2) The AGO has also confessed to the charges.

Government, therefore in exercise of the powers conferred on it under Rule 9 of the K.C.S. (CC&A) Rules 1957, hereby order that, Dr. K. Sukhananda Shetty, Assistant Director of Animal Husbandry & Veterinary Services now working as Assistant Project Officer. Small Farmers Development Agency, North Kanara, Karwar, be and is hereby dismissed from Government Service with immediate effect.
